Truman Speaks At Roosevelt Hyde Park Home Dedication

President Lauds Policies Of F.D.R. In Brief Speech

Truman Rededicates His Administration To Carry On Policies Of Predecessor

ROOSEVELT HOME NATIONAL SHRINE

By ROBERT G. NIXON
(U.S. Staff Correspondent)

HYDE PARK N. Y. April 12.—President Truman today solemnly rededicated his administration to carry forward the foreign and domestic policies of his predecessor and great war-time president, Franklin D. Roosevelt.

Standing on the porch of the Roosevelt ancestral home, the president said that he was carrying forward the policies of his predecessor and great war-time president, Franklin D. Roosevelt.

Changes may be required here and there to meet changing conditions. Fundamentally the objectives are the same.

Pays Eloquent Tribute

The chief executive journeyed to the Roosevelt graveside by air from the nation's capital to pay a moving and eloquent tribute to the great liberal president who led the nation to victory in a devastating global war.

It was just one year ago almost to the hour when President Roosevelt was struck down by a cerebral

PA NEW OBSERVES

Among the improvements that are adding to the beauty of the downtown district, Pa. New notes is the painting of the old iron fence that surrounds the First Christian church, on the Square. The historical fence is being dressed up in a nice coat of silver paint.

After operating for several months without a rest, the Court House clock is on vacation again. Perhaps it will be its final rest, as it is soon to be replaced, as soon as new equipment is available, according to the County Commissioners.

Quite an army of New Castle and Lawrence county fishermen are preparing to help open the trout season on Monday. Fishing conditions are expected to be quite good, Pa. New is told.

The whole world was shocked just one year ago today, when the startling news came from Warm Springs, Georgia, of the sudden death of President Roosevelt.

President Truman was sworn in a few hours later, this being the first anniversary of his succession to the presidency.

Backyard brigades were quite busy Thursday afternoon, Pa. New noted in his travels about the city. Ash piles were disappearing and the yards were being made ready for summer use, such as the hanging out of the family wash by the lady of the house.

With the return of warmer weather, the boys and girls in the city schools are receiving more practice in fire drills. Pa. New notes.

Fugitive From Death Row At Capital Taken

Earl J. McFarland Is Recaptured In Tennessee After Liberty Of Nine Days

KNOXVILLE, Tenn., April 12.—(INS)—Earl J. McFarland, 25-year-old ex-Marine who escaped from death row of the Washington, D. C. jail April 3, was behind bars today in Knoxville.

The convicted slayer of an 18-year-old Washington, D. C. girl, who assaulted guards and escaped along with another convicted murderer, was arrested by federal bureau of investigation agents as he calmly waited for a street car in Knoxville.

McFarland was in Tennessee, the FBI said, apparently in an effort to visit relatives at Oliver Springs, or nearby Caswell. He is a native of Maryland.

His capture ended a nation-wide search. Special alerts had been broadcast to officers that he might attempt to return south.

McFarland was scheduled to die on June 14 for the sex slaying in a Washington park of the District of Columbia girl. He broke from the jail along with Joseph B. Medley, 45, also under death sentence.

Medley was captured a few hours after the break, and had not had a chance to leave the District of Columbia.

Condella Is Sentenced In Court Today

In an opinion and order handed down today in Lawrence county court, Judge John G. Lamoree refused the motion of Anthony Condella for a new trial. Condella was convicted of manslaughter in the December 1945 murder of the westerner, and sentenced to 15 years in the western penitentiary.

On September 15, 1945, Condella shot and killed Isaac Schwartzlager in Ellwood City as the result of a bar room fight. In his trial Condella pleaded self defense but the jury returned a verdict of manslaughter.

Counsel for Condella indicated today there was a strong probability that the decision of the Lawrence county court would be appealed to the State Supreme Court.

FIND 18 BODIES IN PLANE WRECKAGE

CHUNGKING, April 12.—(INS)—The bodies of four Chinese Communist leaders, ten other passengers and four crew members were found today in the burned wreckage of a U. S. army plane which crashed in Shensi Province en route from Chungking to Yenan.

The discovery was made by Communist troops four days after the plane disappeared on its northward flight.

Poland's Charges Against Spain Will Get Hearing

President Truman However Brands Move As One Of High Politics

WASHINGTON April 12.—(INS)—The United States today planned to treat Poland's submission of its case against Spain to the U. N. Security Council as a matter of high politics.

President Truman, at a news conference, branded the move, reportedly made at Russian instigation and purely political, as one of high politics.

Members of the House ways and means committee praised the administration's fiscal record, but pointed out that there will still be a deficit of twenty one billion, 700 million dollars for the fiscal year ending June 30.

Budget Closer To Balance By Seven Billions

WASHINGTON, April 12.—(INS)—Congress today welcomed President Truman's good news that the 1946 budget is seven billion dollars closer to balance than anticipated in January and indicated acceptance of his plan that there should be no further tax reductions this year.

Members of the House ways and means committee praised the administration's fiscal record, but pointed out that there will still be a deficit of twenty one billion, 700 million dollars for the fiscal year ending June 30.

Paper Collection Here Saturday

Trucks Will Make Collections Throughout City Starting In Early Afternoon

It's clean-up day tomorrow, Saturday, April 13, and all that waste paper you have collected around the house in the past several months will be gathered up starting at 1 o'clock Saturday afternoon. The collection is being made by the Boy Scouts, aided by a number of adult volunteers.

The president reported that government receipts are not estimated to be four billion 300 million dollars greater for fiscal 1946 than was anticipated in January. Also expected to be two billion 600 million dollars less than anticipated, indicating a deficit for the year of twenty-one billion 700 million instead of the more than twenty-eight billion anticipated at the time he submitted his 1947 budget to Congress last January.

Pacific Bomb Tests Proceed As Scheduled

President Announces Atomic Bomb Tests Will Begin July 1 As Planned

DECLARES TESTS VITAL TO NATION (BULLETIN)

WASHINGTON April 12.—(INS)—President Truman announced today the atom bomb tests in the Pacific will begin July 1 as scheduled and declared they are vital to the national defense.

The president said in an emphatic statement that without the information obtained from the tests the men responsible for the nation's security would be "working in ignorance."

Mr. Truman declared the experiments at Bikini Atoll will yield information essential to America's planning for the atomic era.

He asserted that only through the tests can the effect of atomic energy on the nation's defense establishments be properly evaluated.

Full text of the president's statement follows:

"Preparations for the atomic bomb tests in the Pacific are being pressed forward and I have been assured that the present target dates for the explosions will be met.

I am in complete agreement with the joint chiefs of staff and the secretary of war and the secretary of the navy in their view that these tests are of vital importance in obtaining information for the national defense.

Without the information from these experiments, designers of

Candidate For Republican Party Nomination For Governor Here Last Night

John U. Shroyer, of Shamokin, former secretary of highways and a candidate for the Republican nomination for governor was in New Castle Thursday night for the purpose of meeting Lawrence County voters and making preparations to set up an organization here. He did not announce the name of his county chairman.

"I am a candidate for the Republican nomination because I believe it is any citizen's right to run for office if he so desires," said Mr. Shroyer.

"I was dismissed as secretary of highways for disability. That disability was the fact that I would not get out of a race I had entered with the full knowledge of all concerned."

To Tell Voters

"In my campaign I expect to tell the voters something of what goes on in my organization."

Arthur Mometer

Will you vote for me, said the candidate? I'm honest and tried and true, and there isn't a thing in that job I seek that a fellow like me couldn't do. I'm kind to my neighbors and good to my dog, my taxes I pay every year; on Sundays I give to the church of my choice, my qualifications are clear. I'm handling out handshakes and smiles for some votes. I'm picking up folks in my car, and if peradventure you happen to smoke, my friend, here's a brand new cigar. So I took this clear which was not very good, and I thought it's the usual trick, but maybe I'll vote for that guy after all, the weather's is bright, sixty-

SEATTLE, April 12.—(INS)—The death penalty or a 70-year prison term were among the possibilities today for L. Nicolas G. Redin of the Soviet Navy if he is found guilty on all counts of an indictment charging him with espionage.

Redin maintained he is innocent and declared he was arrested for "a political build-up."

U. S. District Attorney Charles Dennis said the judge who hears the case can decree death if Redin is found guilty of conspiracy to transmit naval information to Russia—the charge contained in the fifth count of the indictment.

Redin and his wife were back in Seattle today after their return from Portland, where he was arrested. He is at liberty under \$10,000 bond which requires him to stay on Oregon or western Washington and to keep away from the waterfront.

Marines Planning
Trained Reserves

Will Have Units Prepared To Augment
Fleet Marine Force To
War Striking Power

WASHINGTON, April 12.—(INS)—Marine Corps headquarters today announced plans for creation of a trained reserve, including organized units prepared to augment the fleet Marine force to war striking power in emergency.

Inactivated veterans and qualified civilian volunteers will form the reserve, headquarters said, and the organization will be trained to allow expansion of the corps to its maximum strength after declaration of war or a national emergency.

Enlistees in the reserve will be appointed to the rank held at the time of discharge from the service and service in the reserve will count for pay purposes on periods of active duty.

Keynote of the training program will be "military education," consisting of weekly classes and drills, summer encampments, service schools and correspondence courses.

Training no longer will emphasize close order drill, but will stress technical subjects and practical application of special skills.

Early in the morning he and his three deputies waited in ambush around the still for the moonshiners to put in an appearance.

But the revenue officers apparently had the same idea. Each group was unaware of the other's plans and activities. Gass said:

"Both groups thought the other were moonshiners. They told us to 'Get 'em up.' We thought they were moonshiners and didn't put up our hands. They opened fire."

The shooting was finally halted when the fourth county officer, Deputy Sheriff Al McCoy recognized "a man who pointed a gun at me" as a federal agent. McCoy shouted that he was an officer.

Home Decorated

The weather-beaten Roosevelt home which looks like what it is—the home of a prosperous farmer—has been prettied up for the occasion and except for the flags of the United Nations the event might be that of the neighbor set-to-se for his late president's visit.

The large and comfortable living room-library, which is dominated by a painting of the late president when he was young and vigorous chief executive, is crowded with flowers—hydrangeas, tulips, carnations.

Said Will Flog who was estate superintendent for the Roosevelt family for 48 years:

Deaths of the Day

(Continued from Page One)

Oliver C. Waddington

Oliver C. Waddington, aged 77 years, of West Gardfield avenue, died this morning at 8:10 o'clock in the Jameson Memorial hospital, after a month's illness. The deceased made his home temporarily with his nephew, Oliver DuVall, 4 West Gardfield avenue.

He was a life-long resident of this city son of Mr. and Mrs. Seth Waddington. Mr. Waddington had been foreman of a machine shop of the American Sheet and Tin Plate company, retiring in 1927. Mr. Waddington was a member of the Baptist church. His wife, Mrs. Anna Waddington, died in 1941.

Surviving are a brother, B. L. Waddington, of Plymouth, O., and nieces and nephews, including Oliver DuVall, this city.

The body is at the A. Darrell Burke funeral home, North Jefferson street, where funeral services will be held Sunday at 2:30 p. m. Interment will be in Castle View Burial Park.

Friends may call Saturday 2 to 4 and 7:30 to 9 p. m. at the funeral home.

William Henry Stephenson

William Henry Stephenson, aged 48 years, of 1219 South Jefferson street, died this morning at 8:30 o'clock, at his home, after a heart attack.

He was born April 3, 1898, in New Castle, son of Thomas and Catherine Tierney Stephenson. He resided here all his life and was storekeeper on the B. & O. railroad for 21 years. He had been married to Helen Browninski.

Surviving are his wife, Mrs. William Stephenson, and three children: Wilda, Naomi and Thomas, and the following brothers and sisters: Thomas, of Swissvale, Pa.; Mrs. Elizabeth Foster, this city; Mrs. A. Bartley, of Springfield, Ill.; Joseph J. Stephenson, this city, and Christ, this city.

The body is at the John R. Bigler funeral home, 1135 South Main street, where funeral services will be held Sunday at 2:30 p. m. Friends may call at the funeral home, tonight 7 to 9 p. m., and Saturday, 2 to 4 and 7 to 9 p. m.

Daughter's Funeral

Funeral services for Jerome R. Daugherty of the Mt. Jackson road, North Beaver township, were conducted Thursday afternoon at 2:30 o'clock from the B. & O. railroad home, with the Rev. Warren A. Bigbee, pastor of Mahoning Methodist church, officiating. The Rev. James A. Crawford, minister of Mt. Jackson U. P. church, assisted in the services.

Members of the B. & O. E. served as honorary pallbearers. Active pallbearers were: Jerome, Mark, Kenneth and Seth Daugherty, sons of the deceased; Ralph Andrews, his son-in-law, and C. W. Daugherty, his brother.

Interment took place in Valley View cemetery.

Scott Nelson Funeral

Funeral services for Scott Nelson, R. D. No. 1, Grove City, were held from the late residence, Thursday afternoon at 2 o'clock, with Rev. Donald McGowan, pastor of the Center U. P. church, officiating.

Pallbearers were: Harry and Walter Nelson, William Graham, Howard Robert and Kenneth Lightner.

Interment was in Center cemetery.

Robert Ringling
Protests Ouster

NEW YORK, April 12.—(INS)—Robert Ringling, ousted head of Ringling Brothers and Barnum & Bailey's Circus, today announced that he will file petitions in Delaware to contest the vote on the show's board of directors naming James A. Haley as his successor.

Ringling contended that the directors, who balloted last Wednesday at an annual meeting, violated terms of an agreement between his mother, Mrs. Edith C. Ringling and Haley's wife, Mrs. Aubrey Ringling Haley.

The vote also swept into the vice-presidency John Ringling North, who from 1938 to 1943, controlled the circus.

Ringling said that Mrs. Haley and Mrs. Ringling agreed in 1941 that they would put their votes to elect a seventh director. If the two women disagreed, he added, it was understood they would vote separately, in which event only six directors would be named.

Nearly all remember his annual Thanksgiving day trip to Warm Springs and the "turkey cutting," so enjoyed by the president and patients.

The Rev. Fred Kyle, pastor of St. Marks Episcopal church at La Grange, Ga., will be the speaker.

State Holiday

Although the day has been declared a holiday in Georgia by Gov. Ellis Arnall, the Foundation plans only the memorial service. There will be no other half in the daily operations. One official explained:

"Despite the fact it is a state holiday, the Foundation will take the time out only for the chapel service. We will then continue the regular routine in the fight against infantile paralysis, so inspired by the late president."

A second service was to be held at the Warm Springs community house where the "Friends and neighbors" of Georgia's honorary "first citizen" will gather.

The service will begin at 4:35 p. m., the exact time of the late president's death.

GRANT PERMITS TO
REMODEL DWELLINGS

Neil Williams, bureau of city building, today issued construction permits as follows: John E. Bart, remodel frame dwelling, 713 Croton avenue; Peter N. Wright, remodel frame dwelling, Porter street; Andrew E. Hecar, remodel dwelling, 134 East Wallace avenue; and Earl Cooper, fence, 123 North Ray street. None of the projects will exceed \$400 in cost, according to estimates provided Mr. Williams.

PRESIDENT LAUDS
POLICIES OF F.D.R.
IN BRIEF SPEECH

(Continued from Page One)

hemorrhage in his "Little White House"—a white-frame cottage nestled among the evergreens on Pine mountain at Warm Springs, Ga.

The occasion today was the dedication of the Roosevelt homestead, burial plot, and the Roosevelt library as a national shrine.

Wreath Is Placed

Before he spoke, President Truman placed a wreath on the stately and simple marble monolith that marks the grave of the late president in the evergreen-enclosed rose garden adjoining the old homestead where the president spent his boyhood days and grew to manhood.

The late president's widow, Mrs. Eleanor Roosevelt, stood by the grave as the wreath was placed on the grave.

Afterward, which Mr. Roosevelt and Secretary of Interior Julius A. Krug spoke briefly before the president was introduced to give his tribute to the departed leader.

Mr. Truman pledged his administration to carry out the New Deal ideals, the domestic policies and the foreign relations program laid down by his predecessor.

To Battle For U. N.

He declared that this nation will do all in its power to make the United Nations an effective instrument for world peace.

Mr. Truman said:

"In the foreign field, President Roosevelt's guiding thought was that this nation as a good neighbor must play an active, intelligent and constructive part in world affairs. He saw clearly that we cannot continue to live isolated from other nations. He knew that that happens on other continents must affect the welfare of our country."

In pledging the carrying forward of Roosevelt's domestic policies, Mr. Truman continued:

"The progressive and humane principles of the New Deal embodied the great hope which in an hour of extreme crisis President Roosevelt gave to the American people."

Principles In Practice

"Those principles and their execution in practice have today become an accepted part of our way of life. When an employer joins a union, when an investor buys a share of stock, when a man buys a house or a farm on credit, when he puts money in the bank or grows and sells his crops, or gets cheaper electricity, when he lays aside part of his income for unemployment or old age insurance, those principles are right there by him—and on his side."

In an eloquent tribute to the fallen wartime president, he said:

"All over the globe, plain people join with leaders and statesmen in recognition that it was largely because of him that civilization has survived."

"We are here not only to do honor to the immortal spirit of Franklin D. Roosevelt. We are here to gain strength for what is ahead—to gain it from the inspiration of his deeds and the inspiration of the humane principles which brought them to pass."

"We shall not soon see his like again."

Made Trip By Plane

The president's words were carried over the nation by the radio networks. His address lasted about seven minutes.

The presidential party left Washington at 11:15 a. m. and flew to Stewart Field, the West Point army air base some 2 miles away.

Mr. Truman was accorded a 21-gun salute at the airfield, following which he inspected the guard, and then motored to the Roosevelt estate at Hyde Park.

Following the ceremonies at the Roosevelt homestead, the president motored back to Stewart Field to fly back to Washington.

While at the Roosevelt home and before the ceremonies, the president went through the Roosevelt library with Mrs. Roosevelt.

the Polish demand that Spain under Generalissimo Francisco Franco should be outlawed by the family of nations, her vital ports reduced and diplomatic relations placed in a state of near-suspension.

It does mean, however, they asserted, that the council delegates should be permitted to air Polish charges and discuss them to their heart's content.

Bound To Such a Course

Officials pointed out that the United States is bound to such a course by the precedent established in the case of Iran, which still is on the council's agenda and may come up again next week when Mexico asks to have it removed from the calendar.

In the Iranian case the United States insisted that Iranian Ambassador Hussein Ala be allowed to place his charges on the calendar and to have them heard on their merits.

Actually, the Iranian case did not proceed that far. A form of settlement was reached, including an agreement between Tehran and Moscow, before the case was taken up on its merits in the council.

"Shoe On Other Foot"

Now it appeared the diplomatic shoe was on the other foot, Moscow, according to Polish news at Soviet instigation has brought up a question possibly as embarrassing to the western powers as Iran was to Moscow. It was believed that Washington and London in their present position have no course but to accept Poland's plea for full discussion of the case.

On the basis of past diplomatic record, however, both Britain and the United States were expected to oppose any United Nations sanctions against Poland. They have adopted a policy of letting the Spanish people dispose of their leader themselves. They fear that such action against Spain, such as the economic sanctions proposed, would only subsidize the people behind Franco.

Airlines Passing
Up Cargo Business

Commercial Airlines Ignoring Heavy
Cargo Business To Haul
Passengers

WASHINGTON, April 12.—(INS)—Rep. Carl Hinshaw (R-Calif.), asserted today that the nation's commercial airlines are neglecting valuable cargo business by concentrating on passenger service.

Hinshaw is a member of the aviation subcommittee of the House Interstate and Foreign Commerce committee. In private life he was a transportation engineer. He said:

"The management of the airlines is so passenger-minded that it is overlooking a cargo business which has far greater future revenue than passenger traffic can ever hope to obtain."

The legislator believes there is a great future market in the transportation of perishable products from the west coast to great population centers along the Atlantic seaboard.

Cargo Business Heavy

According to Hinshaw, the airline cargo business would support more than 2,000 large cargo planes. He estimated the volume of business would bring rates down to 10 cents per-ton-mile.

The congressman pointed out that his state of California produces at least one and one-half billion dollars worth of agricultural products annually.

He also explained that the business would not hurt the railroads to a great extent because they would carry products that cannot be transported easily by rail. He continued:

"These airlines must act quickly if they hope to realize a fair share of this business."

New York City
May Be Permanent
United Nations Home

NEW YORK, April 12.—(INS)—The possibility arose today that New York City may become the permanent home of the United Nations.

The city was known to be making a strong bid in that direction and it was regarded as likely that the U. N. might yield to the overwhelming opposition of the residents of the Greenwich-Stamford sector.

It was in that area, part in Westchester county, N. Y. and part in Fairfield county, Conn., that the U. N. originally announced it would make its permanent abode.

Any ultimate decision, however, probably would be held over until after the full general assembly of the 51 United Nations convenes Sept. 3 at the Flushing Meadows site of the old world's fair.

ships, aircraft and military ground equipment, as well as our strategists, tacticians, and medical officers, will be working in ignorance regarding the effects of this revolutionary new weapon against naval and other targets not previously exposed to it.

Give Essential Information

"These tests, which are in the nature of a laboratory experiment, should give us the information which is essential to intelligent planning in the future and an evaluation of the effect of atomic energy on our defense establishments."

Original—the test of the effect of the atom bomb on naval fighting craft was to have been staged May 15. However, several weeks ago the president deferred the experiment until July 1.

Over 100 surface vessels will be assembled off tiny Bikini Atoll in mid-Pacific, and B-29's will drop atom bombs so set as to explode about 500 feet above the ocean surface. Included in the ships which will serve as guinea pigs for the atomic test are obsolete battleships, cruisers and aircraft carriers, as well as smaller fighting craft.

At some later date, tests are planned wherein the bomb will be exploded at surface level and ultimately a final experiment will be undertaken in which the atom is detonated below the sea's surface.

visit to Thaddeus Stevens school caught the pupils just emerging from the building on a practice drill. They boys and girls clear the building in less than four minutes.

Checking up in the churches of the city, Pa. Newc finds that most of the servicemen listed on the honor rolls of the churches, have returned and are again taking their places that were left vacant, when they left for service. In one church, where 85 men were listed as having left for service, only three or four of the original number are still in service, and these expect to be relieved of duty shortly.

According to a report to Pa. Newc, little six-year-old Angelo Fornatore, son of Mr. and Mrs. Mike Fornatore, of 210 Shadyville, has been feeding a tame squirrel every morning. The squirrel will now come up to the door to get his food, which pleases Angelo, very much.

PACIFIC BOMB
TESTS PROCEED
AS SCHEDULED

(Continued from Page One)

ships, aircraft and military ground equipment, as well as our strategists, tacticians, and medical officers, will be working in ignorance regarding the effects of this revolutionary new weapon against naval and other targets not previously exposed to it.

Give Essential Information

"These tests, which are in the nature of a laboratory experiment, should give us the information which is essential to intelligent planning in the future and an evaluation of the effect of atomic energy on our defense establishments."

Original—the test of the effect of the atom bomb on naval fighting craft was to have been staged May 15. However, several weeks ago the president deferred the experiment until July 1.

Over 100 surface vessels will be assembled off tiny Bikini Atoll in mid-Pacific, and B-29's will drop atom bombs so set as to explode about 500 feet above the ocean surface. Included in the ships which will serve as guinea pigs for the atomic test are obsolete battleships, cruisers and aircraft carriers, as well as smaller fighting craft.

At some later date, tests are planned wherein the bomb will be exploded at surface level and ultimately a final experiment will be undertaken in which the atom is detonated below the sea's surface.

Deny Communist
Aid For France

LONDON, April 12.—(INS)—A Moscow broadcast recorded by the Soviet Monitor in London today denied a report that Russian planes in the past few days had flown a considerable quantity of gold and British and American currency into Paris to finance communists in the forthcoming French elections.

The report was described as a "false, provocative fabrication."

Maybe the Mother Goose verses don't rhyme but well wager they will always be more popular than the best of spring poetry.

Advances Plans For Keeping Auto Accidents Lower

PMF Head Says Planned Law Enforcement, Training Can Minimize Vehicle Mishaps

Planned enforcement of motor vehicle laws and an intensive program of training for enforcement officers were advanced today by R. B. Maxwell, secretary-manager of the Pennsylvania Motor Federation and its 61 affiliated AAA automobile clubs, as methods to keep motor vehicle accidents to a minimum.

Mr. Maxwell has been appointed to President Truman's Highway Safety Conference Committee on Organized Public Support. The committee will meet May 8-10 in Washington, D. C.

"Planned enforcement by every municipality, county and police department would," Mr. Maxwell declared, "go a long way toward holding motor vehicle accidents down."

"A studious approach to traffic enforcement in which accident reports have been analyzed, revealing the place, time and cause of accidents has improved enforcement and reduced accidents in past years," the PMF official stated.

"An intelligent and strict enforcement of motor vehicle laws, especially in those sections in which the accident rates are high, resulted in lowering the accident rate," Mr. Maxwell said.

"In addition to planned enforcement, an intensive training program for enforcement officers in traffic law enforcement in the investigation of motor vehicle accidents is also highly desirable," Mr. Maxwell concluded.

RETAIL TRADES EMPLOYING MANY

HARRISBURG, April 12.—(INS)—The state planning board has reported that retail trades were one of the "most important sources of employment" in the commonwealth. The board explained that according to the 1940 census there was one retail establishment for every 74 persons in the state and that more than 500,000 Pennsylvanians carried their living in the commonwealth's 200,000 stores and service shops.

NO EARLY HOPE SEEN BY DUPONT IN NYLON FLIGHT

WASHINGTON, April 12.—(INS)—A DuPont company representative asserted Thursday that there is no prospect of an ample supply of nylon stockings until the "latter part of next year."

Warren A. Beh, director of nylon sales for the firm, would not be pinned down to a more definite forecast by members of the Senate small business committee which is investigating the women's hosiery shortage.

Beh explained there was no chance of increasing the present production of 30 million pairs of nylons a month until a new nylon yarn plant now under construction is completed.

Stressing the contemporary significance of incidents in Christ's life and of his teachings, Mrs. J. J. Melvaine conducted the third of a series of four Lenten Bible classes in the Y. W. C. A. Thursday morning. Approximately 230 persons attended.

Among the points emphasized in the class were the importance Christ attached to "going to the temple," or church attendance, and his lack of national or racial prejudice as shown by his trip through Samaria, a land hated by the Hebrews.

The Schubert Sextette, composed of Mrs. James Rugh, Mrs. William Caldwell, Mrs. George Streiner, Mrs. Paul Friend, Mrs. Ross Rosenberger and Mrs. Melvaine, will sing at the fourth and final meeting of the class next Thursday morning at 10:30.

THE MAYOR OBJECTS JACKSONVILLE, Ill.—(INS)—Only one negative vote was cast when the Jacksonville City Council voted to adopt daylight saving time between April 28 and September 29. Lone dissenter was the mayor himself, Ernest Hoagland.

THE GREAT GAME OF POLITICS

(Continued From Page Four)

available to organizations at the request of some Government official willing to vouch for the organization as "representing a cause which the Government considers worthy of encouragement."

It was further stated that approval of the department's "administration officials," of course, is necessary. The top administration official is Mr. Wallace.

Perhaps Mr. Wallace or his aides regard this group as representing a cause the Government should encourage, but it is quite certain Mr. Truman, Mr. Byrnes, and the bulk of the American people, who have not so regard it. Actually it was as stark a piece of official hypocrisy as can be recalled and whether he turned the building over personally or through his aides, Mr. Wallace is the man responsible.

THESE people so hostile to their own Government's policies, are Mr. Wallace's friends and supporters. They want him for President. With his consent, they met in his building. They cheered him and no one else. It is natural to assume that he is in sympathy with their views. If this were not so he certainly would not have turned the Department of Commerce Building into a sounding board for them. And if, as seems clearly, Mr. Wallace feels the same way about the Truman-Byrnes policies as his friends, a decent sense of obligation should have restrained him from permitting them to exude their bitterness against the Government under the Government's roof.

IF Mr. Wallace wants to encourage this kind of protest, the thing for him to do is retire from the Truman Cabinet and join with his friends in hiring a hall. There are a number of pro-Wallace pro-Speakers badly engaged in spreading the same kind of poison against the American position on the lecture platforms of the country. That is a freedom of speech to which they are entitled. But the free use by one small group of Government property to assail Government policies is a piece of impudence which the rest of the American people have a right to resent.

Plans Progress For Housing At Deshon Annex

Council met Thursday in City Hall and adopted the ordinance of Property Director Joseph D. Alexander designed to have buildings at Deshon hospital annex, Cunningham park, be converted into homes for ex-servicemen.

The ordinance authorized the proper city authorities to enter into a contract with the U. S. government, apply for Federal Housing Authority aid and for the appointment and compensation of a housing manager at the park. His compensation will be determined by Council later.

Whatever expenses are incurred by the city will be refunded to the city through rentals collected by the housing manager who will have charge of the project.

A copy of the ordinance will be forwarded to the proper authorities by Mayor John F. Haven.

The following program is to be presented: reading, Mrs. J. F. Fullerton; Easter music by Misses Ruth and Marion Emery; talk by LeRoy Herriger, "My Last Three Years Experiences in Europe".

The program will be closed with a talk by State Master W. S. Fullerton, "Things We Should Know And Do To Help Our Order".

East Brook Grange

In their hall, members of East Brook grange gathered recently for their regular meeting, with Master Glenn Patterson in charge.

The master extended a welcome to about new members.

During the session, the grange went on record as opposing any change from standard time.

In the literary period, Howard Fox, vocational agricultural teacher at East Brook high school, introduced three Future Farmers of America; Bobby Pontius gave a history of the F. P. A. Charles Reiber and Walter Pearl demonstrated the Babcock method of testing milk for butter fat.

The lecturer, Mrs. Andrew Temple, introduced N. N. Jaquish of the Bell Telephone company, who explained the post war program the telephone company hopes to attain.

A delicious lunch was sponsored by the phone company, and was served by the social committee, Mrs. J. E. Oesterling, chairman.

April 22 is the date scheduled for the next meeting, when the economics committee will have charge of the program.

WATCHING FOR RUBBISH DUMPERS

Chauncey Davis, member of the city sanitary police force, has been erecting signs stating that it is a violation of a city law to dispose of ashes in alleys or place debris on vacant lots. He is also maintaining a watch for persons who may throw garbage or other rubbish from automobiles on less travelled thoroughfares in the city.

First Overseas War Bride Likes New Wilmington Home

New Wilmington's first and only (so far) overseas war bride has arrived at her home here. She's Mrs. Chalmers Kennedy and is to use a hackneyed but very appropriate phrase, a "colleen from the auld sod."

Now living with her husband at the home of his parents, Mr. and Mrs. Everett Kennedy, of Orchard street, Mrs. Kennedy (who was born Bridget McDonald) has been here only a week, but likes it already. "They told us many tales of America back home," she says, "including one to the effect that we'd have to lie on our backs in order to see the skyscrapers, but I've found the country wonderful and the people very friendly. My mother calls Ireland 'God's country,' but I think you can apply that to America."

The young bride is more impressed by the food over here than anything else. She ate her first banana on her arrival here, and now can't get enough of them. "Back home many items of food were very scarce, and we had to 'queue-up' to get what there was," she says.

Met Husband in London
Mrs. Kennedy was born in County Tipperary, and lived in Erin until the age of 14, her family then moving to London. She first met her husband at a restaurant in the city, when he was with a group of fellow soldiers. They were married on April 21, 1935, and will thus celebrate their first anniversary this Easter Sunday.

The matter of speech doesn't bother Mrs. Kennedy very much. "I learned to speak more slowly when I moved to England," she remarks, "and that seemed to be the main difficulty. Then, too, my husband taught me a lot of the American language before I came across." She speaks with a slight brogue, but says, "If you think I'm Irish, you should see Mom."

Sailing from Southampton in the middle of March, Mrs. Kennedy arrived in the middle of March, Mrs.

Kennedy arrived together with a large contingent of war brides in New York on April 1. Before coming out here, she was taken on a tour of New York, and "liked it very much." On the "President Tyler" which was the ship on which she crossed the Atlantic, there were brides going to every state in the Union except Vermont.

Her husband, as a member of a ground crew in the Eighth Air Corps, spent 26 months overseas, all of it in England. He returned home on Labor Day of last year, and was discharged in December. He and his family met his wife last Wednesday at New Castle. On the trip by train from New York, Mrs. Kennedy had been accompanied by another war bride, whose destination was New Castle.

Thurston Named Ambassador To Mexico By Truman

WASHINGTON, April 12.—(INS)—President Truman nominated Walter Thurston, now ambassador to Bolivia, to be ambassador to Mexico.

He succeeds George Messersmith, recently appointed ambassador to Argentina.

Thurston, aged 50, is a veteran diplomat with almost 30 years of foreign service on his record.

Washington, April 12.—(INS)—President Truman nominated Herschel V. Johnson, U. S. minister to Sweden, to be U. S. deputy representative on the Security Council of the United Nations, with rank of minister.

The largest and, in some respects, the most remarkable of the mouse family is the rice field mouse. It is 10 to 11 inches long, dark, grizzled color, with very harsh fur.

Local Girl Graduates From Nursing School In Washington, D. C.

Miss Jane E. Brown, daughter of Mr. and Mrs. J. E. Brown of 217 Park avenue, was graduated Monday evening April 8, from St. Elizabeth's School of Nursing, Washington, D. C., at exercises held in Hitchcock Hall on the hospital grounds.

Twelve U. S. Navy Hospital Corpsmen stationed at the hospital, formed a guard of honor to escort the senior students to the stage during the procession. The U. S. Marine Band supplied the music, and played the Cadet Nurse Corps march which was written by one of the resident psychiatrists at the hospital.

A class of 31 received their diplomas at the ceremony, which had been preceded by baccalaureate services in the Church of the Reformation on April 7. The graduation dance took place April 4 in the Burgundy room of the Wardman Park hotel.

Miss Brown is a graduate of New Castle High School, with the June class of 1941. Mr. and Mrs. J. E. Brown of New Castle and John E. Walker, Indiana were guests at the graduation.

'Lost Week-Ends' Paying Dividends In Different Way

Woman Who Befriended 'Lost
Week-End' Years Ago, Now
Being Rewarded

NORRISTOWN, Pa., April 12.—(INS)—A Reading woman who helped a wealthy dairy operator overcome his "lost week-ends" was rewarded today with a life-time "bonus" of \$25 a week from his estate.

The annuity was ordered by Judge J. Burnett Holland of the Montgomery county court in upholding the right of Mrs. Elsie D. Elliott to the award as provided in a codicil to the will of Gerard Meyers, Amble dairyman.

Estate Protests

Meyers' estate refused to pay the annuity after his death in March 1943 because the trustees alleged that relations between Meyers and Mrs. Elliott constituted a "notorious scandal."

Judge Holland ruled, however, that the relationship was "no ordinary one of patron and mistress, but was a real friendship which was known by all members of Meyers' family, and even condoned by some."

He said: "It was conceded by some members of the Meyers' family that she had a good influence upon Mr. Meyers in helping him to restrict the indulgence of his unfortunate drinking habit."

The court held further that the influence of Mrs. Elliott upon the deceased dairyman was "beneficial rather than detrimental."

Judge Holland ordered the estate to pay Mrs. Elliott \$3,960 in arrears and to continue paying her the \$2 weekly.

STATE COLLEGE, Pa., April 12.—

Arbitration, either voluntary or compulsory, should be used only as a final method to end disputes between labor and industry, in the opinion of a Pennsylvania State college labor expert.

A. H. Reede, professor of economics, says neither labor nor management wants to be compelled to accept a binding award and proposes instead the intervention of government "as soon as efforts to settle disputes by collective bargaining break down."

He believes government should appoint conciliators, and attempt to revive collective bargaining as soon as a dispute gets out of hand. If conciliation fails, he proposes mediation, and if that fails, he advocates a compulsory fact-finding board.

"Legislation enacted by the Federal government," he insists, "should be designed to strengthen the conciliation mediation and fact-finding service."

Pointing out that existing state and local laws prohibit violence and forceful picketing, Reede thinks it would be useless for the Federal government to waste time duplicating these measures.

"If the existing laws are not always enforced," he adds, "it usually is because office-holders responsible for enforcing them consider it politically inexpedient to do so."

Garden Notes

By Lewis C. Dayton,
County Agent

SOME VEGETABLES WELL SUITED FOR FREEZER STORAGE

In view of the urgency for full utilization of every bit of food-stuff produced, many vegetable gardeners may have occasion to make use of freezer storage accommodations for disposing of surplus vegetables to good advantage.

Home gardeners should include in their vegetable program a number of varieties suited to preservation by freezing, among such varieties are:

Asparagus: Washing (both Martha and Mary strains).
Lima beans: Fordhook Bush Lima and Clark's All-Green.
Snapbeans: Stringless Green Pod, Refugee, Kentucky Wonder and Blue Lake.

Sweet corn: Golden Cross Bantam, and any late variety harvested in the milk stage and frozen immediately.

Peas: Thomas Laxton (dark podded), Gradus and World's Record.

Squash: Any variety.
Cauliflower: Snowball.

For best results in freezer storage, vegetables should be harvested at the right stage of maturity and prepared immediately for freezing.

Pearl Harbor Hearings Not As Yet Closed

WASHINGTON, April 12.—(INS)—The Pearl Harbor committee awaited a report from Hawaii today before ending its public hearings once and for all on the 1941 disaster.

The House-Senate group went into an indefinite recess with the possibility that Rear Adm. C. D. Glover, a 1941 Navy department watch officer now in Hawaii, might be summoned to Washington to testify.

Sen. Ferguson R. Mich. said he wished to have Glover called to help clear up events on the eve of Pearl Harbor. Comdr. John F. Baecher, Navy liaison representative, told reporters he would telephone Glover in an effort to learn whether he could contribute anything to the inquiry.

Demand Arises
The demand for Glover's appearance arose during concluding testimony of Adm. Harold R. Stark, 1941 chief of naval operations, and Rear Adm. John R. Beardsall, White House naval aide at the time of the Jap attack.

Glover, a Navy log disclosed, was on duty when a request came in from War Secretary Stimson the night of December 6, 1941 for a list of all friendly combat ships in the Pacific, as well as those of this country in the Atlantic. Stimson wanted the information by 10 a. m. December 7, the day of the attack.

Rep. Keefe (R) Wis., brought out the record showed Glover stating he had contacted Stark, Adm. Royal Ingersoll and the late Navy Secretary Knox that night in connection with Stimson's request. Keefe raised the point that other testimony had placed Stark in a Washington theater that night.

Cascade Park Being Prepared For Busy Season

Numerous Improvements Are Being Made At City's Recreation Center For Season

C. C. Coulthard, manager of Cascade Park, today reported that the park is being readied for a summer of fun and recreation and that when picnickers wend their way to the city's most beautiful playground this summer they will have found all structures painted green and white and additional amusements.

The paint will be welcome to the eye because the buildings last year showed effects of weather. However, due to the lack of paint with ingredients that would make a "spring coat" last several years, it was decided not to paint. However, this season Parks Director Joe Alexander decided that paint was very necessary to conserve the buildings.

There will be four kiddies rides instead of three as formerly this summer and a miniature railroad will be constructed on the vacant plot across the Big Run, east of the Park office. In former years the miniature railway was located near the grove.

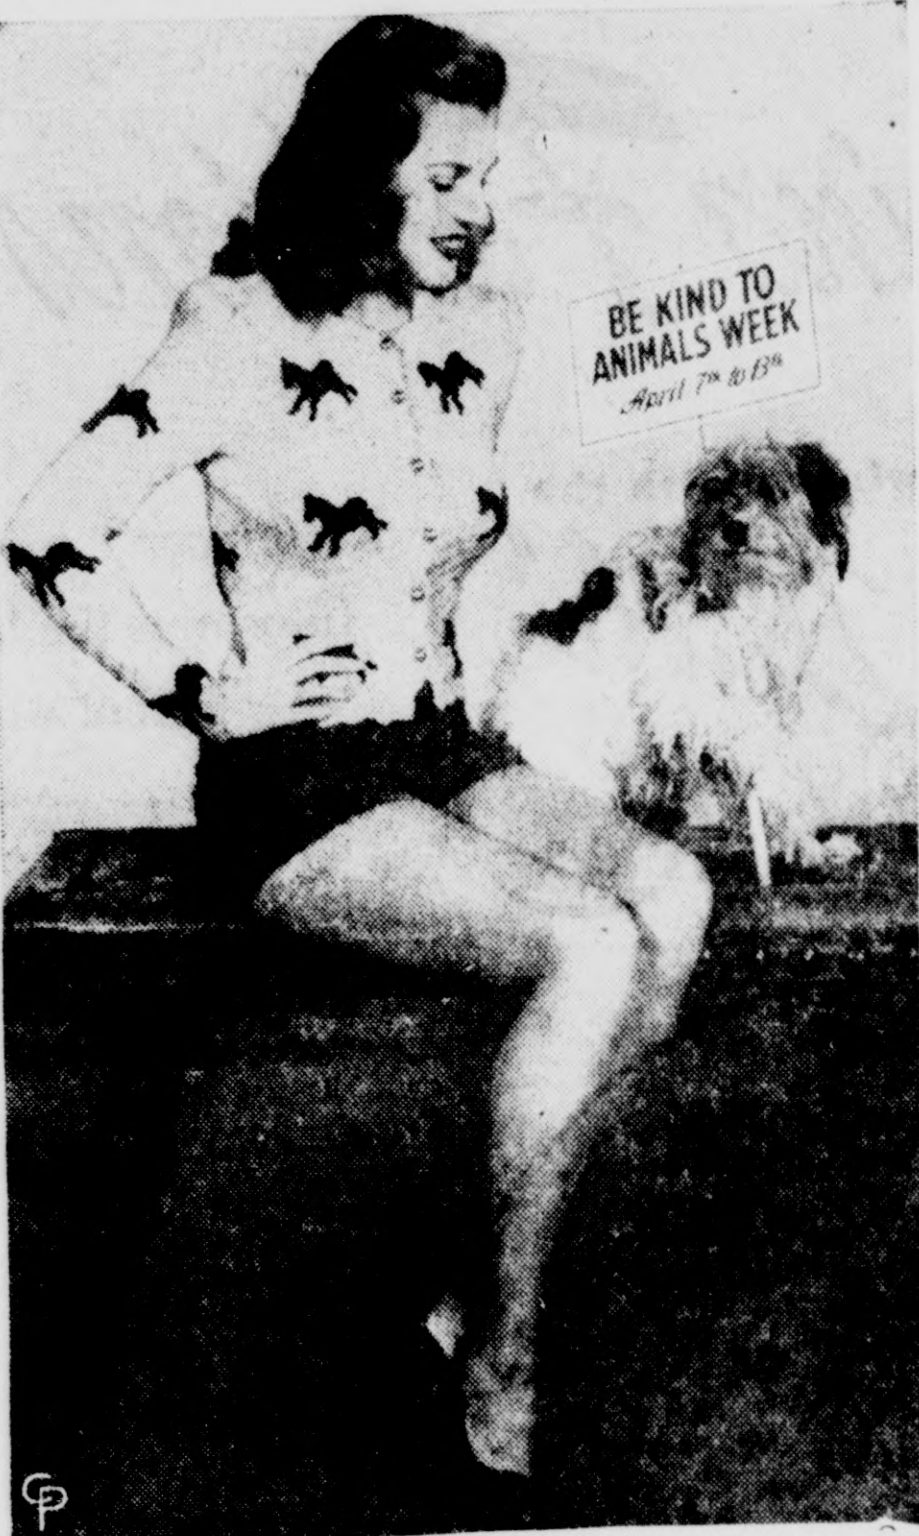

There also will be a new shooting gallery and an up-to-date skee ball concession.

Manager Coulthard also reported that Director Alexander had made arrangements to put the kitchen facilities in the grove and also the grove in the best condition it ever has been.

Archie Dewberry has procured some new boats for Lake Cascade and with the city proposing to install a filtering system and modernize the bathing pool, Cascade Park should prove one of the most delightful picnic centers of this district.

Flowers which adorn the park are now being reared and will be planted when all danger of frost has passed.

Sees Epidemic Of Mental Breakdowns

PORTLAND, Ore.—(INS)—An epidemic of mental breakdowns in Russia was forecast in Portland by Leo Grulow, representing the American Society for Russian Relief.

Grulow told of talking with the chief surgeon of a Leningrad hospital while touring Russia.

"The doctor was alarmed at the obvious mental breakdowns of his people since the fighting had stopped," Grulow said. "He told me that during those two years when the war raged half of Russia's people, there was almost no mental breakdown."

"The doctor's explanation for this was that the struggle for survival brings out reserves of nervous energy. The Russians kept going through the strain."

"But when the fighting ended they let down. Now there is trouble ahead."

Grulow said 800,000 Russian men and women have lost arms or legs, more than 60 times as many as America's 12,000 amputees. He declared that he never could have imagined the "one long string of destruction" he saw in the USSR. In no city or village he visited were more than 20 percent of the houses left.

Inspection plus correction adds up to accident protection.

PERSONAL MENTION

Charles F. Snyder, of 124 Hillcrest avenue, has been admitted to Jameson Memorial hospital where he will undergo an operation.

Miss Jean Ellis, of Bryan, Ohio, has returned home after a visit here with her aunt, Mrs. Donald Copson, 134 East Leasure avenue.

Cecil E. Smith of New York City and Mrs. C. M. Cypher of Chicago are visiting their parents, Mr. and Mrs. C. H. Hilborn, Highland avenue.

William Eagan has been discharged from Jameson Memorial hospital where he was confined for the past eight weeks and is recovering at his home, 197 Mills way.

Miss Ada Mae Tomassello, daughter of Mr. and Mrs. Sam Tomassello, Jr., of Main street, who has been confined to bed with a relapse of rheumatic fever for the past two weeks, is slowly improving.

Mrs. Paul Ringer and daughter Ella of Warren avenue, have returned after visiting for nearly three weeks with the former's daughter and son-in-law, James Lutton A.M. 1st and wife, of Jefferson avenue, Miami Beach, Fla.

Miss Georgine Manrick, of 211 South Walnut street, who underwent a leg operation last week, is showing improvement at her home, where she will still be confined for several days.

Chimp Shortage Hampers Zoo Act

ST. LOUIS.—(INS)—There will be new lion acts, the elephants will tap dance at the St. Louis Zoo this summer but...

Plans for the chimpanzee show, which annually fascinates thousands of children are hampered by a shortage of performers.

So says Zoo Director George P. Vierheller.

Two of the star elephant performers—Lady and Honey—have been practicing a dance with flat circular cloths attached to their feet by iron bands.

Trainer Jules Jacot is grooming his thirteen lions, two tigers, and two bears in several new acts for the lion show.

The chimpanzee show will go on as usual in the spring, despite a shortage of performers. Trainers Ben Fredericks and Mike Kostal, Jr. have only seven regular troupeurs with which to work and there is no large "second team" to choose from as in former years when as many as 25 chimpanzees were available.

Wage Winning Battle Against Weather Perils

WRIGHT FIELD, Dayton, O.—(INS)—Thanks to work of the Air Technical Service Command, vagaries of the weather no longer need be the mortal enemies of airmen.

At Wright Field, scores of laboratory scientists and technicians, and hard flying pilots, are waging a daily fight against once-deadly weather conditions.

For their weapons they are using circular maps and mock-ups and almost hourly flying mission—missions flown in deliberate search of the worst weather in the area.

Col. Ben S. Kelsey, chief of the Air-Weather Flying Division, says: "There no longer is any such thing as good or bad weather to an air-craft."

Langston County, Pennsylvania, is first among all counties of the United States in the value of all crops produced on non-irrigated farmland.

BOY SCOUTS

Boy Scout troop 7 will hold their regularly scheduled meeting today in the club rooms of the Shenango street Y. M. C. A., with the session beginning at three p. m. John Gilmore will be in charge of the meeting.

REDS STILL IN NORTHERN IRAN

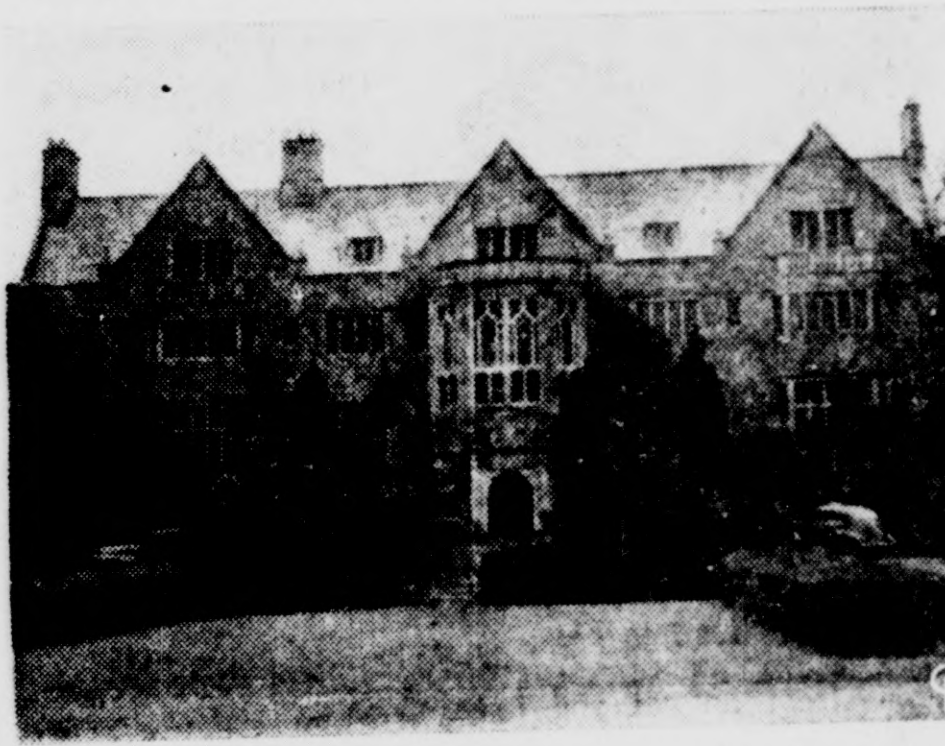

LONDON, April 12.—(INS)—A Reuters dispatch from Tehran said today there still are no reports of the Russians pulling out of Azerbaijan province.

The only change, the dispatch said, is that Russian motorized troops are replacing mounted units in the disputed area of Northern Iran.

Dust bowl: Land that is dry for want of the water that ran off in flash floods because man destroyed the grass and trees that once held rains in storage.

The northern cities of Minneapolis and St. Paul, Minn., are in the same hockey league as Dallas, Tex.

LONG ISLAND PALACE FOR SOVIETS

A PALATIAL MANSION of 50 rooms, with 37-acres of beautifully landscaped lawns at Glen Cove, L. I., has been purchased by the Soviet Government as a recreation and entertainment center for Russian diplomats and employees in the United States. It is the estate set up by the late George Dupont Pratt, son of a founder of the Standard Oil Company of New York at the cost, in 1912, of \$1,000,000. A general view of the English Renaissance manor is shown above. (International)

New Ointment Is Developed

Announcement Is Made At Meeting Of American Chemical Society

ATLANTIC CITY, N. J., April 12.—(INS)—The development of a new kind of ointment for burns which removes dead tissues painlessly was announced today at the 109th annual meeting of the American Chemical Society.

The ointment, which can be stored in powder form and prepared for use in a few minutes merely by adding water, is expected to be of special value to the navy, according to a report presented by Albert M. Mitrofsky and Wilbur A. Lazer, of Southern Research Institute, Birmingham, Ala.

The scientists said the development is a continuation of work begun by G. Connor and S. C. Harvey of Yale University, who found that "jellies" containing certain acids are effective in removing the slough from second degree burns without pain or the destruction of islands of living tissues.

A number of papers were delivered at today's session which dealt with cancer.

Dr. Roger J. Williams of the University of Texas in a report reported on delivery this afternoon, said that recent experiments indicate cancer in man is probably a virus disease.

LITTLE BEAVER

Mr. and Mrs. J. V. Koepf were callers at New Castle, Saturday.

The citizens of the township are contributing freely to the work of the Red Cross. Mrs. W. B. Wallace and Mrs. Fred Martin, local canvassers, have reported \$274 to date, with the Amish families having given \$34.

Veterans Honored With Banquet At Central Christian

Returned Soldiers Of Church Welcomed Back Home With Program Thursday Night

Honoring their servicemen, who left the doors of the church one by one during the course of World War II to become plain G.I. boys and now back as seasoned veterans, members of the Central Christian church, East Long avenue, outdressed themselves Thursday evening with a banquet followed by an outstanding program in the church dining room, to show the "boys" that they were glad to have them back home.

At 6:30 the more than 175 guests including the servicemen, members of the congregation and others, filed into the church dining room, where was spread before them a very sumptuous dinner which had been prepared by the ladies of the church.

Program Opens

After each diner had finished his cake and ice cream, chairs were pushed back and Miss Margaret Cowmeadow took over as toastmistress of the evening, presenting in her own inimitable style each feature of the program that was to follow.

Miss Cowmeadow presented Dave Lewis, who conducted pep singing, with each one present lustily joining in the singing.

The Cathedral Quartet, consisting of Russell Rhodes, David Reese, Leonard Kisthart and Arthur Harris, with Ernel Branstetter at the piano, made a decided hit with the veterans as they got together on a little close harmony.

"His First Shave," a short play dramatized by Lew Ziegler, Margaret Post, Bob Seitzgeorge, Alberta Scriven and Lois Fordyce, kept the assemblage in an uproar.

Musical Numbers

Following the dramatization, Mary Abraham pleasingly sang a solo number, "The Heart That's Free," followed closely by a duet, in which she and Clara Scriven sang, "Symphony."

The piano solo of Rose Ann Ziegler, as well as the vocal solos of Marston Wheldon, were well received by the assembled guests.

Imitating a popular radio show, Howard Martin took the part of amiable "Dr. I.Q.," the mental banker, handing out gifts to those who were able to stand up under his interrogations.

Donald Strobel presented several selections on the trumpet after which Audrie Cronin presented a humorous reading, Miss Cronin accompanied Dave Lewis at the piano as he sang two vocal solos.

Concluding the program, Miss Cowmeadow introduced Rev. J. Calvin Rose, pastor of the Second U. P. church, who brought a ringing challenge to the veterans, on how they might lead a successful life in the coming days. He admonished them to be a soldier of Christ; to find happiness in serving the Lord, and lastly, to find a hobby and work at it with all that is in them.

Rev. James Rainey, pastor of the church, pronounced the benediction following silent prayer for the three boys from the church who paid the supreme sacrifice, and the singing of "Saviour Like a Shepherd Lead Me."

The success of the entire evening went to the committee which included: Mrs. Irene Ziegler, chairman; Elmer Glass, Miss Ruth Garrity, Miss Clara Scriven, Mrs. Thomas Phelps and Rev. Rainey, along with the assistance of the Young Peoples society of the church who decorated the dining room and prepared the unique programs which were made in the form of a shield neatly displaying military insignia and colors.

BEAVER TWP.

WEDDING ANNIVERSARY

The fortieth wedding anniversary was recently celebrated by Mr. and Mrs. Charles A. Loris, the with a splendid program arranged in their honor by a committee of former members of the old McAnis Literary society.

R. S. McAnis was master of ceremonies, with a program taking place, in the auditorium of the Rocky Spring U. P. church. A reception followed in the church dining room.

Sharing honors with the couple, were their son, Irvin, and bride of one week, with both receiving nice gifts.

BEAVER TOWNSHIP NOTES

Born, a son, to Mr. and Mrs. Ralph Anderson at the Jameson hospital, April 10.

A number of neighbors of Mr. and Mrs. John Haggerty and family gathered at their home in Little Beaver township Friday evening for a neighborhood party. A very pleasant evening was enjoyed by the group.

Mr. and Mrs. Joseph Wilson and daughter, Eleanor Wilson, of Big Beaver have returned home from a motor trip to St. Petersburg, Fla., where they visited Mrs. Wilson's father, Francis M. Davis and sister, Olive A. Davis, of Wampum, in their winter home there. Returning,

they visited their son-in-law and daughter at Export, Pa.

Neighbors of Mr. and Mrs. Edwin C. Kennedy and children, Wayne and Lucy, gathered at their home Friday evening to surprise them with a farewell party. The Kennedys will move soon to their farm recently purchased in North Beaver township.

Mr. and Mrs. Frank Miller, who have been spending winter months in Florida, are expected to return soon from that state. They are both recovering from serious illnesses.

SLIGHTLY BELATED

WALLA WALLA, Wash. (INS)—Civilian Elmer Bond chided the Chamber of Commerce because a pack of playing cards sent to each local man in service never reached him in the army.

The chamber official expressed regret and said he would give him a set of cards just returned by the postoffice because the addressee was not located.

The returned package of cards was addressed "Pat. Elmer Bond."

The "magnitude" of a star refers to its apparent brightness. Ptolemy, who was one of the earliest astronomers, separated the stars into six classes or magnitudes in order of their brightness, the brightest being called first magnitude stars and the faintest seen with the naked eye were called of the sixth magnitude. The returned package of cards was addressed "Pat. Elmer Bond."

PLAINGROVE

CONGREGATIONAL MEETING

The annual congregational meeting of the Plaingrove United Presbyterian church, followed a supper and fellowship program on the evening of April 3. R. P. Perbles was chairman, with Charles Elliott, secretary of the meeting.

Clyde N. Adams and Paul Shoaff were elected trustees for a term of three years.

A substantial balance was reported in the church treasury. Total expenditures for the year were \$5,014 with \$2,739 going to missions, relief and benevolent work.

PLAINGROVE GRANGE

The Plaingrove Grange met at the Hall on Tuesday evening. After

the opening exercises the following program was in charge of the Lecturer Mrs. Agnes Minor:

Roll call, "Where I Start My House Cleaning," the women, "Improvements Around the Farm," the men; poem, "Spring," Miss Evalene Minor; "What Is New in Farm Machinery," Mrs. Neely; "Choosing Garden Seeds," Mrs. Neely; "Care of House Plants," Mrs. Florence Shaw; "Household Hints," Mrs. Marie Strohman.

The Juvenile Grange met under the direction of Mrs. Jessie Corey. Lunch was served by the Social committee.

PRESENT MUSICAL

A musical was presented at the school house on Friday evening under the direction of Miss Anita

Edwards, the music director, as follows:

The Rhythm band; trombone solo, John Neely; callisthenics to music, Grade School chorus; angels Pan-tomime, accompanied by Miss Mary Kate Elliott; the brass ensemble, High school pupils; boys sextette; the seventh grade; girls duet; trumpet duet, Harry McCommons and Lord Yelland; girls double trio; Girls chorus; High school pianist, Miss Marjorie Foster.

PLAINGROVE NOTES

There will be a sunrise service at the Presbyterian church on Easter Sunday morning at 7 o'clock. Rev. J. C. Fulton, of Portersville, will be the speaker.

Mr. and Mrs. Roy Pollock of Pittsburgh, were callers on relatives here Saturday afternoon. The condition of Miss Theo Pol-

lock, who is in the Allegheny General hospital, remains the same. Mrs. Thomas Claypool, of Kittanning, was a visitor at the home of her father, Will Hamilton.

The North Liberty congregation of the Presbyterian church held a shower on Saturday night for Mr. and Mrs. Lloyd Moore a recent bride and groom at the home of Mr. and Mrs. Mont Minor.

ITHACA, N. Y. (INS)—Establishment of a laboratory of nuclear studies at Cornell university for research in high-energy particles phenomena, including cosmic rays, was revealed by President Edmund E. Day. The laboratory will be directed by Dr. Robert F. Bacher who recently completed his work as head of the Bomb Physics division at Los Alamos, N. M., where final stages of the atomic bomb were developed.

SOME FACTS ABOUT THE SHORTAGE OF MEN'S CLOTHING

Every day people ask us, "Why is it so hard to get a suit of clothes now?" It's a fair question, and deserves an honest answer. First, it took months for the textile mills to reconvert from war to civilian production. Secondly, the needs of the millions of discharged service men, added to the normal requirements of civilians, have created a demand so far greater than the supply that it is impossible to take care of every customer at the exact time he wants new clothes.

You may have heard rumors that some makers were holding back clothes. We wouldn't know about that. We do know that Richman Brothers never held back garments for any reason whatsoever. In fact, we have for a long time been making as much clothing as the available supplies of raw materials would permit, rushing them to our stores as fast as we could, and putting them on sale just as quickly as they arrived. We've been giving priority to newly discharged service men, and in doing that we've been carrying out the wishes of the Government and right thinking civilians.

What are we doing to increase the supply of clothes? The Richman Tailoring Family are working as hard as they can, without sacrificing the quality of Richman workmanship, to put an end to this shortage as quickly as possible. We are shipping each week's production to our stores, without a moment's delay. Our stores, in turn, are putting the clothes on sale as fast as they receive them.

If you've been disappointed by shortage of clothes at your Richman store, we're sincerely sorry. However, new shipments are being made right along, and we hope you'll try again, for Richman quality, style and value are worth waiting for. Meanwhile, remember . . . we're doing our best. There never has been any holding back at Richman Brothers.

DIAMONDS

For long years diamonds, though highly prized, were not understood. They were polished like sapphires instead of being faceted to blaze with utmost radiance. Today, the diamond-cutter's art has been developed to the highest pitch. The stones we offer you have all been studied and cut with a mathematical precision to show their glorious fire. (The preparatory work on a gem is a crucial part of its history; once famous diamond was actually studied for nine months before being cut). The importance of proper faceting is one of the reasons why you should buy your stone from a fine jeweler. Gems of similar size and weight to those we show you may have far less fire, due to improper cutting. Never take a chance then, in buying diamonds. Even for your smallest gem purchase, buy from a house of reputation!

Russian Demand On Iranian Case Will Get Hearing

NEW YORK, April 12.—(INS)—The United Nations Security Council agenda today officially listed for a hearing on the Russian demand that the Iranian case be closed and Poland's move against Franco Spain. Although President Truman told newspapermen last night that he regards the Polish charges against Spain to be political in nature, Council delegates went ahead with plans to tackle Andrei Gromyko's Monday's session and then to give ear to Dr. Oscar Lange of Poland. Diplomatic members of U. N. were careful to emphasize that the decision to place the Polish request on the agenda in no way implied that other than a hearing of what Dr. Lange had to say was intended.

Resident's Mother Dies In Linesville

Mrs. Lillian Martha Bollard, aged 82 years, died at the home of her son, Myron Bollard, in Linesville, Pa., on Thursday morning. She was the widow of Louis Bollard who

preceded her in death 29 years ago. Surviving are her children, Clarence, Myron and Mrs. Velma Ladner of Linesville and Riley of this city. Funeral services will be held Saturday afternoon at 2 o'clock from the Maryott funeral home in Linesville. Interment will take place in the Linesville cemetery.

Mother Of Six Flying To Hubby

BOSTON, April 12.—(INS)—A Jamaica Plain mother left Boston by plane today to go to the bedside of her critically ill sailor husband at the Treasure Island Naval hospital, San Francisco. She was Mrs. James Pollard, 32. She left their six small children in care of relatives. The family learned through the Red Cross, which financed the wife's trip, that S-lc Pollard, 34, who was badly burned aboard his ship in the South Pacific last spring, had left the hospital against orders. He was later found in critical condition in a San Francisco thoroughfare, due to complications from his burns.

Girl Scouts Plan Annual Banquet For Mothers, Daughters

Plans for the largest local Girl Scout event of the year, the annual mother-daughter banquet and camp rally, are now being made by a committee headed by Mrs. Harry Wetlich.

Mrs. George Lewis is co-chairman with Mrs. John Bender as her assistant. Chairman of the various sub-committees are: Mrs. W. E. Hughes, program; Mrs. H. C. Boalick, table projects; Mrs. C. W.

Weaver, reservations; Mrs. Plummer D. Gibson, entertainment; and Miss Betty Robinson, song leader.

The dinner will take place in the Cathedral dining room, Monday evening, May 13, at 6:30. Outstanding feature of the rally will be the table projects which are being made by each troop to represent the ten fields of Girl Scout activity. These projects will be used as table decorations. Activity fields to be represented are: Arts and crafts, community life, health and safety, homemaking, international friendship, literature and dramatics, music and dancing, nature, out-of-doors, and sports and games. Senior Troop 27, which is under the leadership of Miss Ann Atherton, will conduct the flag ceremony. Try The News Want Ads For Results.

Communists Seize Electric Plant In Manchuria Area

CHUNGKING, April 12.—(INS)—An official Chinese central government announcement revealed today that insurgent communist forces in Manchuria seized control of the

Hsiao Fengmen hydro-electric plant which supplies half the electric power for northeastern China.

The announcement said that the Chinese communists moved into the Sungari river plant after Soviet forces withdrew. Other reports said the communists seized one Harbin water supply source and were seeking to take over the Harbin power plant and radio transmitter. Meanwhile high government officials met with communist representatives in new efforts to settle the strife between Kuomintang and communist forces in northeastern China.

The Morris chair received its name from its inventor, William Morris (1834-96), the well-known English poet, writer, and craftsman.

Got Spring Fever? Forget The Tonic; Take The Day Off!

One ailment, quite prevalent and extremely contagious, which a doctor is seldom asked to diagnose is the affliction scientifically known as "fever virus" and popularly called Spring Fever.

So little study has been made of this disease that even City Health Officer Dr. William Womack fails to recall receiving any instruction about it in medical school.

Tonics That Come In The Spring—There must be something to it, though, he admits. "Look at all the remedies people have for it—sulphur and molasses, sassafras tea, wild cherry bark brew, beer wine and iron, honest tea, and a hundred others."

The idea was that the blood needed thinning out for summer, but as far as medical science can see, there is no change at all. The blood count, for instance, is the same in the summer as in the winter.

"Many times when an idea has persisted for a number of generations, some factual basis may be found for it. In this case, however, I'd be willing to bet that the sulphur and molasses was just a dandy vitamin-taking fad."

But what about Spring Fever? The doctor doesn't think there is any such thing—not physically anyway.

Just Laziness—Why should there be Spring Fever any more than winter fever or summer fever or fall fever? People get lazy days all during the year, only it's so much nicer to be lazy in the spring. The earth smells fresh, the air is warmer, and the sun is brighter than it has been for months. The change is so sudden sometimes that one wonders if there isn't some definite change in the body metabolism to accompany the weather change.

"Proof that the body isn't as enervated as it seems to be lies in the fact that if a person afflicted with Spring Fever gets the afternoon off to go fishing or to play golf or to drive up to Lake Erie, he promptly has more energy than he has had all winter."

"As for spring tonics—well, I've always suspected that a lot of people drank beef wine for the alcoholic 'lift' it gave them. Sulphur and molasses is a good laxative, and many persons seem to like the taste of sassafras. Even so, the vitamins are winning out."

Kurdish Troops Are Still Active

LONDON, April 12.—(INS)—Tehran dispatches to the London Daily Mail reported today that uniformed Kurdish troops who plan to establish a Kurdish national state along the Turkish and Iraqi frontiers appeared in Tabriz, capital of Azerbaijan province.

An unidentified Briton who appeared in Tehran after travelling in the north was quoted as the source of the information.

This informant said that Russian units conducted artillery practice in the mountains around Tabriz until a few days ago.

Chinese Drafting New Constitution

CHUNGKING, April 12.—(INS)—Dr. Sun Fo, president of the Legislative Yuan, disclosed today that a 75 per cent agreement has been reached by rival parties on the draft of a new constitution for China.

He predicted the draft of the constitution, which will be presented to the national assembly for adoption next month, will be completed within ten days.

Iran Issues Strong Decree To Rebel Bands

TEHRAN, April 12.—(INS)—Premier Ahmed Ghassemlou called on the interior minister of Iran on Thursday to warn rebellious Mazandaran bands that they face arrest and possible death unless they turn in their arms.

The premier's action came 24 hours after Propaganda Minister Prince Muzaffar Firooz declared the situation in Mazandaran province was satisfactory.

Iranian troops have been rushed into the province, on the southern shore of the Caspian sea, during the last few days.

A report that a coup was underway in Mazandaran in protest against the Iranian oil agreement with Russia, previously was denied by Prince Firooz.

Nothing definite was known as yet concerning the Tehran governments' official reaction to Ambassador Hussein Ala's note to the Security Council in New York asking that the Soviet-Iranian case be kept on the agenda.

Prince Firooz declared yesterday that no new instructions had been sent to Ala by the government since the announcement of the Iranian-Soviet agreement, but he was vague as to the government's position in the matter.

Attlee Desires Common Effort In Food Conservation

LONDON, April 12.—(INS)—Prime Minister Clement Attlee plainly indicated Thursday that if Britain is to cut down her consumption of fats and oils, as requested by the United States, then the United States should reduce her consumption to British levels.

Attlee told the House of Commons that his government has offered to ration bread if the producing countries would follow suit since all important nations are affected by the world food situation.

He said the shortage could be combated only by common effort and added the same principle should apply in the consumption of oils and fats.

Britain, Attlee said, is pledged to do its utmost to avert the "risk of widespread famine and starvation."

Charge Banker With Contempt

WASHINGTON, April 12.—(INS)—Corliss Lamont, a son of Thomas W. Lamont, member of the banking firm of J. P. Morgan Co., New York, was cited Thursday for contempt of congress by the house committee in un-American activities.

Lamont was charged with refusal to obey a committee subpoena which directed him to turn over to the house committee the records of the National Council of American-Soviet Friendship, Inc., of New York, of which he is chairman.

The committee also cited for contempt the organization's executive director, Richard Morford, as well as George Marshall, chairman of the National Federation for Constitutional Liberty of New York.

AWARDS CHILDREN
Before Judge W. Walter Braham on Thursday morning a habeas corpus case was heard, instituted by Curtis Glen Brown against Edward T. Winterbottom and Catherine Winterbottom in which the custody

of two of Mr. Brown's children, a boy and girl, was asked.

This was the second time such proceedings had been instituted. The mother of the four Brown children is dead and in a previous order Judge Braham awarded two of the children to the father and two to the grandparents, defendants in this action.

Mr. Brown went to the Army and in his absence the two children awarded to him were in the custody of his parents. In the case on Thursday he asked custody of the other two children and after the hearing the court awarded them to him.

CONTENDED DIVORCE
A rather lengthy, contested divorce action heard by Judge Braham in the case of John H. Penman, who asks for the divorce from his wife, Marjorie Penman. The hearing took up several hours but no decision will be forthcoming for a time.

REGISTRATION UP
Registration figures are beginning to climb again. The total number of registered voters in Lawrence county, according to the compilation

of A. Lewis Conn, chief clerk to the Permanent Registration Bureau now stands at 39,127. Of this number 20,434 are men and 18,693 are women. By party division, 37,356 are Republican, 11,393 are Democrats, 1,474 Prohibition, 178 No Party, 29 Independents, 14 Socialists and the one lone Progressive is still listed.

In the 99 precincts of the county the Democrats lead in only six, while one precinct, the first of Washington township, the two parties are tied with 31 votes each.

While the registry list is used for most people, all veterans who are 21 or over and have not registered can register up to an including May 21.

IT'S HERE!..The GREATEST SUDS DISCOVERY in 2000 YEARS!

FASTER, BRIGHTER, SAFER CLEANING than any suds before in history!

Stockings
WEAR LONGER! LOOK LOVELIER THAN EVER BEFORE!
You'll be delighted at Dreet's gentleness to stockings! Dreet suds leave no soapy film to heavy-up hose and cloud their beauty. Colors stay fresh far longer than with any soap. What's more—nightly Dreet-washing prolongs stocking life—gives noticeably longer wear!

Procter & Gamble's dreet
Works Wonders No Soap in the World can Match!
• No Soap-Fading! Now you can wash stockings, lingerie, woollens—knowing that with Dreet suds there's no cloudy film to cause soap-fading!
• Dishes Shine—Even Without Wiping! With Dreet no dish towel is needed for wiping or polishing. Dishes and glasses fairly sparkle.
• Instant Suds—More Suds! In cool water, in hardest water—Dreet suds billow up instantly. And they last long, too!

Dishes Shine Without Wiping!
It's a Fact! No soap in the world—even expensive flakes—can perform the miracles Dreet performs in your dishpan. It makes dishes shine—even without wiping!
No Streaks! Dreet's amazing suds rinse clean and clear! They leave no greasy streaks or cloudiness on dishes the way all soaps do. Even glasses sparkle without touching a towel to them. And Dreet is kind to hands.

Lingerie
STAYS BRIGHTER AND FRESHER! NO SOAP-FADING!
It's the greatest suds discovery in 2000 years! You'll agree when you see how your lovely lingerie stays color-bright and fresh far longer when washed with Dreet. There's no film to cause soap-fading.
Better than soap! Dreet's rich suds keep your pretty slips, blouses, "undies" brighter and fresher than any soap could ever do.

Would Extend Draft One Year, Boost Pay Scale

**Senate Military Affairs Committee Recommends
Father Draft Ban;
Short Service**

BRITISH LOAN TO PRECEDUE ANY ACTION

WASHINGTON, April 12.—(INS)—The Senate Military Affairs committee on Thursday recommended a full year's extension of the draft, with higher pay for servicemen, and with the armed services required to make month-by-month reductions in personnel.

It also imposed restrictions banning the draft of fathers, and limiting service to 18 months.

The House committee bill is similar, except that it would extend selective service for only nine months, and included also a specific exemption for farm workers.

British Loan First

Sen. Barkley (D-Ky.), a majority leader, said the draft bill will not be handled by the Senate until the British loan is disposed of.

By a compromise, the committee agreed to send the floor "for choice by the Senate" three other service pay increase bills.

Committee leaders declined to state the vote on reporting the bill, but other members said it was nine to four.

Sen. Thomas (D-Utah) said there was a compromise involving the one year extension and in reporting out also the pay increase bills which advocates of voluntary enlistment believe will help recruiting.

In adopting the House committee's provision for limiting inductions to the amount necessary to meet July 1, 1947 goals, the Senate committee called for a "month-by-month" decrease.

Pay Boosts

The bill extending the draft to next May 15 calls for pay boosts ranging from \$15 a month for privates and apprentice seamen down to two dollars a month for the top grades.

The pay increases provided in the committee-approved bill are as follows:

Seventh grade (privates, apprentice seamen) \$50 to \$65; sixth grade, \$54 to \$70; fifth grade, \$66 to \$82; fourth, \$78 to \$94; third, \$96 to \$106; second, \$114 to \$118, and first, \$138 to \$140.

Remaining effective will be the provision exempting 18-year-olds who have not finished high school.

No 17-Year Locusts Expected This Year

HARRISBURG, April 12.—None of the 30 different broods or hatches of 17-year locusts will appear in Pennsylvania this year according to the Bureau of Plant Industry, State Department of Agriculture.

By means of a table of Pennsylvania appearances of the periodical cicada, the next brood to be seen in the State will be Brood V which will come in 1948. It emerged last in 1931 and was restricted to Fayette, Greene and Washington counties.

The next "big locust year" in Pennsylvania is eight years distant, when Brood X (Brood Ten) will emerge from its 17-year underground life to fly a few weeks in practically all counties in the eastern half of the State.

Warns Against Rush To Alaska

PORTLAND, Ore.—(INS)—You can't eat timber or gold, so don't rush to Alaska, the last frontier with a future, pleads Frank Heintzleman, forestry and agriculture commissioner who has lived there 28 years.

Heintzleman said farming and fishing industries must be built up to take care of the thousands, including ex-soldiers who would like to move to Alaska as pioneers.

Alaska has unlimited assets in timber and minerals, but there are no big payrolls yet to take care of masses of people, he said.

Veteran Prefers Artificial Limb Made In Prison

CHICAGO.—(INS)—Lt. Raymond Brooks found his leg in a German prisoner of war exhibit in a Chicago department store—and he wants it back.

Brooks now walks around on one of medical science's latest artificial legs in place of the leg he lost in the European theater of operations, but he thinks the one his buddies in Stalag Luft 1, a German prison camp, made for him fitted better.

Pointing to the awkward-looking contrivance, he said:

"That's mine, you know, and I'm going to make these guys give it back—I can't get used to this one."

Capt. Byron Morrill, of Burbank, Calif., a former movie set designer, and three other fellow-prisoners decided to make Brooks a leg when they saw how awkwardly he used the crutches provided by the Germans.

Morrill drew up a dozen plans for an artificial leg before he hit on one that would be satisfactory, and then he assigned the other three prisoners parts of the work.

A prisoner who was allowed to use a sewing machine once a week, to repair shoes secretly sewed together the leather used in the laced part of the limb.

Another made the calf of the leg out of a stovetop, held together by parts of a music stand stolen in the camp, and the third fashioned the foot out of a fence post.

New Discoveries Are Made Public

ATLANTIC CITY, N. J., April 12.—(INS)—A few of the host of wartime discoveries of chemists were public today by scientists attending the American Chemical society sessions.

Dr. Charles D. Corvill of the Monsanto Chemical company disclosed that work in developing the atomic bomb had revealed the two missing elements, No. 43 and No. 61. He said the two elements missing from the periodic table had been obtained in weighable quantities.

More than 150 radioactive substances not previously known in nature were isolated and identified during research on the atomic bomb, Dr. Corvill said.

Spanish War Vets To Meet At Erie

Col. Daniel Leasure Camp, U. S. W. V., and his auxiliary is planning to send a large delegation to Erie on Sunday afternoon, for the meeting of the northwest council, United Spanish War Veterans, which will take place in the V. F. W. hall there.

Department Commander Charles G. Martz, of Greensburg, will be present, and the meeting will be addressed by Past Department Commander John U. Schrover.

Jap Jitterbugs Evaded Bans In Secret Sessions

CAMP CARSON, Colo.—(INS)—American swing music was one accidental custom the Japanese got a feel for before the war—and during the war was one of the hardest things Japan's thorough police had to tackle.

But died-hard Jap jitterbugs went underground. With the curtain down and muffled phonographs, to prevent snooping police from stopping their adopted past-time, the Jap jitterbugs went to town.

This is the way Pic Reuben E. Bjorntom, Preston, Minn., a patient at Camp Carson's general hospital, learned it was done when he was stationed in Manchuria province, 90 miles from Tokyo.

Bjorntom and a buddy, Cpl. Milo Williams, Boulder, Colo., met a couple of Japanese girls, who were sitting at a Tokyo dance hall one evening.

"We called them Pat and Mike," Bjorntom said, "because we couldn't pronounce their names."

Got Lowdown

The two GIs got the lowdown on Japanese jitterbugging—underground fashion—when they were invited to the girls' home. "Pat" and "Mike" brought the boys home and beamingly showed them the family's prized possession—and ancient Edison Gramophone and a pile of Benny Goodman records, 1935 vintage.

Probably one of the few things in Japan that escaped the Japanese ban on American music.

The two soldiers and the sisters danced American style to the scratching, wheezy strains of the gramophone, but Bjorntom admits he always had an eye peeled for weapons.

BAGS EAGLE

ARMSTRONG, B. C.—(INS)—Paul Savenko, pheasant farmer near Armstrong, was lucky carrying a gun with him when a large eagle, hovering over the pheasants, dived on him. Savenko killed the bird.

TELETYPE SYSTEM OF STATE POLICE BUSY DURING MARCH

HARRISBURG, Pa., April 12.—State police headquarters has reported that 26,691 messages were carried over its teletype system during March. The agency's teletypewriter network connects 117 stations in Pennsylvania including 38 State police barracks.

Fifty-nine municipal police stations have been hooked into the network. In addition, the teletype system is connected with 246 police stations in 10 states and the District of Columbia.

TEETH COST RECORD

PENDELTON, Ore.—(INS)—If Molly Pendleton more, had a set of store teeth installed she might have set a horse world record for longevity. Molly died recently at the age of 34. Horses usually live 18 years, but in a few rare instances have been known to reach 40 or 50.

There was really nothing wrong with Molly except she lost all her teeth and could not eat even ground barley.

Poultry Feed Is Scarce; Price Is Above War Level

HARRISBURG, April 12.—Pennsylvania poultrymen, and those farm households who count on egg money for a rainy day, are getting deeper and deeper into difficulties with the unusual feed and price situation in that field the state department of agriculture reported today.

Poultry feed is scarcer and the price higher than at any time during the war, observers said. Egg prices are dropping, and in some Western Pennsylvania areas are so low that the government is reported to be buying shell eggs for drying and freezing at the support price of 29 cents a dozen. It was said.

The situation is such that flock reductions will continue and egg production will drop next fall due to the reduced number of early-hatched pullets, observers explained.

Seventh Ward**M.E.G. Auxiliary
Chooses Delegates**

Members of the M. E. G. auxiliary of the Mahoningtown Presbyterian church were the guests of Mrs. Arthur C. Brown, of 302 East Leasure avenue, on Thursday evening, with a good attendance.

The devotional exercises were conducted by Mrs. R. D. Spang.

At the business session, presided over by Mrs. James Miller, the annual reports were read and committees gave reports, future activities were discussed. Delegates were appointed to attend the Shenango Presbyterian at the Central Presbyterian church on Thursday, April 25. Mrs. Wade Daugherty and Mrs. A. C. Brown.

Topic of the evening was "In Company" with Mrs. Wade Daugherty and Mrs. C. C. Comstock as leaders, which was much enjoyed.

A delicious lunch was served by the hostess, Mrs. Harold Swisher being associate hostess.

The next meeting is scheduled for Thursday evening, May 9. Hostesses will be Mrs. G. G. Horehler, Mrs. H. E. Alexander, Mrs. John Martin.

**Penna BOs Observe
34th Anniversary**

At the Y. W. C. A., members of the Penna BO lodge gathered on Wednesday afternoon, for a banquet at 1 o'clock in the Green room. The occasion was in celebration of the thirty-fourth anniversary of the organization. The repast was a ham dinner and the trimmings.

The table was decorated with lovely spring flowers and a large anniversary cake graced the table.

There were three charter members present, Mrs. W. C. Powers, Mrs. John McCort, and Mrs. Luella Fry.

The highlight of the event was the presentation of twenty five years membership by the president, Mrs. Eva Drumheller to Mrs. Ethel Scott, Mrs. Grace Sapper, Mrs. Martha Morse, and Mrs. Catherine Freese, and to two past presidents, Mrs. Jessie Duckworth and Mrs. Lila Shaw, to which the recipients responded very graciously.

Mrs. Lila Shaw, Mrs. Anna Bollinger, Mrs. Della McCort, and Mrs. Eva Drumheller were in charge of arrangements.

Cards were the diversion of the afternoon, with high score cards being captured by Mrs. Louise Ridley and Mrs. Maud McBride.

Next meeting will be on Wednesday afternoon, April 24, at 2:30, in the Y. W. C. A.

**Prepare For Strike
In Sugar Plants**

PHILADELPHIA, April 12—(INS)—The three sugar refineries in Philadelphia slowly ground to a production halt today so that the equipment will be cleaned out in time for the scheduled strike at midnight tomorrow.

Paul Worle, manager of the McCahan refinery, said no raw sugar was started through yesterday because processing requires three days. Partly refined sugar, he explained, will be processed to completion today and tomorrow.

Meanwhile some 8000 workers in the Philadelphia refineries and four others on the East Coast continued their plans to strike despite government intervention.

Heroism Of Grid Player At Front Cost His Eyesight

(International News Service)
BIRMINGHAM, Ala., April 11.—It's a long way from Lindern, Germany, to the sports department of the loveless Joseph and Loeb store in downtown Birmingham. But somehow he made it—and you stand there looking at him.

He's a big, husky blond young man of about thirty, and he has the faint floridness of health on his gentle face. He's demonstrating a machine to a customer, and his big hands close on the club with practiced content.

"Hey look," says one watching teen-age boy to another. "There's Charlie Boswell. He shot a 39 out on the back nine at Highland Park the other day!"

You might wonder why that's so wonderful. A 39 on the back nine at Highland Park is in the top five per cent of the golfers, all right, but it's not championship stuff.

Totally Blind
Yes, you might wonder—but you don't. For you know that Charlie Boswell has been totally blind ever since that December dawn outside Lindern when—

But let me tell you about this guy whose guts lasted long beyond Lindern—this big, husky blond who's quiet, kindly, brave today keeps a constant lump of pride in a thousand Birmingham throats.

Captain Charlie was with the Third Battalion of the 335th Regiment the night when the town of Lindern was taken at heavy cost.

Came down and the doughs who had survived up ahead needed food, water and ammunition and the area all around them was lousy with Von Rundstedt's hired hands. But somehow that stuff had to be delivered—and the life expectancy of the delivery boy could be figured in hours not days.

But just like he used to say "send me in, coach," when the going was grim for the Crimson tide, bid Charlie Boswell stepped up and said: "Let me try it, Sir."

Make Run For It
So his commanding officer said okay, for him to take a Sherman from the attached tank company, hook a trailer on behind, pick up supplies where he could and make a run for it.

"You won't be exactly unobtrusive with all that rig," the C. O. told him, "but you're going to get shot at pretty bad and at least it will protect you from small arms stuff."

It did—all the time they were picking up the supplies throughout the area—and as they headed into Lindern, looking like a decoy duck, machine and machinegun slugs rattled off a tin roof.

But eventually a battery of eight-eights zeroed in on the lumbering Sherman.

The first that knew inside the noisy tank was when a shell sheared the Sherman's steel plate like paper, sliced it around to one side and set it afire.

Stops To Rescue Gunner
The boys dove out of the flaming monster to take cover in the ditch, but Charlie saw one gunner ahead of him get hit and fall back inside.

So, like he used to help a teammate, he stopped to pick up the gunner and leave him out through the hatch, clear of the inferno. To this day, he doesn't know whether the boy was alive or dead at the time.

But the delay cost dearly. Just as he finally scrambled through the scorched hatch and hit the dirt outside, a second shell landed almost in his face—and that searing, blinding flash was the last thing Charlie Boswell ever saw.

When he regained consciousness days later in the evaluation hospital, he awoke to the world of outer darkness in which he will live the rest of his life.

Charlie Boswell was completely blind.

"I DON'T WANT A PENNY
If I Can't Relieve Your RHEUMATIC-ARTHRITIC PAINS"

says Paul Case

That's how I run my business. If I don't help you, I don't want a penny of your money. But I believe I can help you.

My Combination Method has brought blessed relief to thousands who were suffering the tortures of rheumatism, arthritis, neuritis, neuralgia, sciatica, etc. I can bring you the same glorious relief. If I can't, I don't want a penny from you.

Formula 1 is for the palliative relief of pain and contains a standard ingredient widely prescribed to most physicians for this purpose. This ingredient, together with 3 others are quickly absorbed into the blood stream and relieve pain, no matter where it may be in joints, muscles, nerve sheaths.

Formula 2 contains standard ingredients for the relief of excess stomach acidity and to help keep your bowels open—a valuable extra help.

If you are suffering from those aches and pains, usually associated with rheumatism, arthritis, neuritis, neuralgia, sciatica, I urge you to clip and mail the coupon today, right now!

You need not send money—just as soon as I receive your order, I'll ship it parcel post. When the postman delivers the package containing both formulas, pay him \$2.00 plus postage and a C.O.D. charge. If you send check or money order, with the order, I'll pay all postage charges.

Remember, if you aren't helped within 10 days after taking my medicine, according to directions on the package, I'll refund every penny you paid. Clip the coupon now.

Sympathy Hunger Strike Develops

LONDON, April 12.—(INS)—Fifteen Jewish leaders began a sympathy hunger strike today at Jerusalem to protest the shipping delay of 1100 Jews now aboard a steamer in the Italian harbor of La Spezia, awaiting clearance to sail for Palestine.

Dispatches from Jerusalem said the 15 strikers declared they would "fast unto death" if necessary. They were examined by doctors before undertaking the fast.

A 12-hour general strike and dawn-to-dusk fast throughout Palestine has been called for Sunday.

Harold Laski, chairman of the British Labor party, yesterday persuaded the passengers aboard the steamer "Fede" at La Spezia to call off their hunger strike and said that he would urge Foreign Secretary Ernest Bevin to clear the obstacle in the way of their sailing.

Doctors fear a possible epidemic aboard the small, crowded vessel.

SOVIET PAPERS PAYING HOMAGE TO FDR'S MEMORY

NEW YORK, April 12.—(INS)—The Moscow radio said today all Soviet newspapers were paying homage to the late President Franklin D. Roosevelt with the declaration that he "gave us strength and hope in Russia's darkest hour of the war."

The broadcast was heard by NBC.

Babson Discusses Outlook For Railroads Of Nation

By ROGER W. BABSON
(Copyright, 1946, Publishers Financial Bureau, Inc.)

BABSON

Volume of freight traffic varies in proportion to business activity. Before the war, their competitors (trucks, automobiles, pipe lines, shipping and airplanes) had cut into the railroads' revenues. However, the war helped the railroads and hurt the other carriers. The railroads, moreover, needed no time to adjust themselves to peacetime operations. A pent-up demand for goods, with the greatest cash reserves in many years, should insure good business activity and thus a large volume of freight. Passenger traffic should also be good for awhile in spite of auto and air competition.

The Federal Reserve Board's index of industrial production shows an increase from 110 in 1929 to 171 in 1941. In line with these increases, railway freight traffic jumped to a new prewar peak in 1941 with an increase of 25 billion ton-miles carried over those of 1929. It certainly seems that the railroads could count upon at least their prewar gross traffic which gave them \$500,000,000 net in 1941.

The Department of Commerce estimates a "gross national product" of \$150,000,000,000 for 1947. This could produce an increase in railroad gross earnings over 1941 of 5 per cent for 1947. This is especially interesting when we note that the 1944 figure for our gross national product was \$105,000,000,000. Thus we can get a 5 per cent increase in railroad earnings even with a decline of \$45,000,000,000 in total national income. Predictions, therefore, point to a greater volume of railway traffic during the next few years than in the peak peacetime year of 1941.

Higher Costs Inevitable
We must, however, remember that there has been a 20 per cent increase in wages since 1941 which will absorb \$300,000,000 in 1947. A price rise in items essential to the railroads, such as lumber, steel and coal, will add to the increased costs due to wages.

The greater operating efficiency attained during the war carried over into peacetime economy should help overcome the wage increases granted between 1941 and 1946, amounting to 20 per cent. We must ask ourselves, however, how much more wages will be increased during the next year or two.

Fixed Charges Lower
We find that the \$500,000,000 net income of 1941 with the wage and price increases which will have occurred since that date will be highly inadequate to meet 1947 operating expenses. If railroad net income is to be maintained, business activity must remain well above the 1941 level and an increase in rates will be needed in addition. Whether the public is in a mood to accept such is any reader's guess.

The railroads are in a much stronger position now than in prewar years, since they have used \$2,500,000,000 of their war earnings to decrease their debt. Consequently, their fixed charges have perhaps declined \$200,000,000 a year. They have also increased their net working capital from a 1941 level of \$600,000,000 to \$2,000,000,000 in 1945.

Conclusion
It is evident that railroad net earnings will hinge on both higher rates and an expanded volume of traffic. If the next several years favor both these factors, railroad net income should remain fairly good. However, it is smart to bet on the possibility of both higher rates and a high volume of traffic when railroad securities are now selling so comparatively high?

NEWS OF MEN AND WOMEN IN U. S. SERVICE

Receiving their final papers at Fort Dix, New Jersey, were the following New Castle soldiers—T-1 Aldo J. Veronesi, Box 64; Pfc. Herman E. Stephenson, 819 S. Jefferson street; Pfc. Anthony F. Scoppio, 207 L. Division street; S-Sgt. Edward J. Kreitzer, 724 E. Reynolds street; Pfc. Salvatore V. Gurgio, 492 Neshannock avenue; T-4 Arthur A. Johnson, 1314 Pennsylvania avenue and 2nd Lt. Elizabeth M. Weinschenk, 224 Edgewood avenue.

Bainbridge, Maryland, announces the naval discharge of the following New Castle sailors—Allan J. Houston, Jr., Seaman, second class, 303 Edgewood avenue; James R. Critchlow, Seaman, second class, 314 Euclid avenue; Robert K. Doyle, Seaman, first class, 1105 Highland avenue; and Norman K. Martin, SK 1-c, 512 Florence avenue.

Sgt. Edward W. Sch, of Camp Atterbury, Ind., is spending a seven-day furlough with his wife and daughter at 604 Spruce street. He is the son of Mr. and Mrs. Wilbur Sch, R. D. 3.

Pfc. Lewis Cassella has returned to Salina, Kan., where he is stationed with the A. A. F. Band, after spending a few days here with his parents, Mr. and Mrs. Louis Cassella, 1025 Cunningham avenue.

Harry Moon, 474 Neshannock avenue, left Thursday morning, for Butler, where he will leave with a group from that city, to be inducted into the armed forces. Previous to his residence here, Harry resided at West Sunbury, Pa.

Robert Gilkey S. J.-c, is on ten days leave, visiting with his parents, Mr. and Mrs. J. K. Gilkey of 318 Boyles avenue. Seaman Gilkey has been in the service forty months, and overseas in the Pacific for three years. On the conclusion of his leave he will report to San Diego, Calif.

Best Officers Will Attend New Government School

WASHINGTON, April 12.—(INS)—The cream of the army officer crop will be whipped into shape for military government duties starting May 10 in a newly-established school at Carlisle Barracks, Pa.

The war department announced Thursday that over the next 18 months about 2,400 officers and key civilians will be trained there for military government duties in Europe and the Far East. The initial class will comprise 200 hand-picked officers.

General qualifications for attendance include: "Diplomacy, initiative, adaptability, unquestioned integrity, above average intelligence, and ability to learn to analyze governmental economic or related problems."

The school replaces the recently closed military government school at Charlottesville, Va.

Plan Nation-Wide Factory Network

DETROIT.—(INS)—The Fruehauf trailer company is planning to build the "world's largest" truck-trailer manufacturing center at Cleveland. The company also announces it has completed reconversion programs at its seven plants throughout the nation and is now ready to begin producing trailers for private and highway freight hauling.

At the same time, Fruehauf received plans for erecting a second new plant at Los Angeles. With the Cleveland project, this will complete a nation-wide network of factories which, the company says, will contribute tremendously to the stepped-up tempo of post-war freight hauling.

The company said its mechanical developments, achieved through war-time experimentation and speeded through application to military vehicles, are now ready for use in commercial trucking units.

Among these, Fruehauf says, is development of lighter materials in construction of trailer-trucks which is calculated to increase payloads.

'Pepper' Goes For Cold Ride

ALBANY, N. Y.—(INS)—Pepper went for a thrill-ride on an ice line in the Ogdensburg river near Ogdensburg—and wound up the adventure in the Ogdensburg police station.

The valuable black cocker spaniel was rescued from the floating block of ice, Simon S. Sargent, city clerk of Ogdensburg, reported to the Dog Licensing bureau of the State Department of Agriculture and Markets, and police held her for identification of the owner.

Records of the Dog Licensing bureau here showed that Pepper's license was issued to Francis A. LeRoux, Route 2, Ogdensburg, so the cocker spaniel was rescued again—this time from the police station.

Pfc. Sam Gurgio Is Civilian Again

Pfc. Sam Gurgio, son of Mr. and Mrs. Augustine Gurgio, of 492 Neshannock avenue, was discharged from the army on April 8, after three years in service, one and one-half years of which were spent overseas.

Pfc. Gurgio served with the 70th Division of the Seventh Army in Alsace-Lorraine. His battalion, the 21st Infantry, was awarded the Presidential Unit Citation for their action in recapturing the town of Wingen on the main supply route of the Seventh Army, between January 4 and January 7, 1945.

The action, which took three days of moving in and moving out again, almost wiped out the battalion.

Correct this sentence: "When they graduate from this high school," said the teacher, "they all know how to spell and punctuate."

Parent-Teachers

Oak Street Group
Oak Street P. T. A. group met Tuesday evening, in the school, for their regular program.

The Phylis Band from the Rose Avenue school, under the direction of their teacher, Mildred Gresham, presented several military numbers.

Dr. Frank L. Burton, superintendent of City schools, was introduced and delivered a very interesting address on "Developing Good Citizens," after which an informal discussion was held.

An election of officers took place, with the following results: president, Mrs. Horace Allen; vice president, Mrs. Ralph White; secretary, Mrs. Wayne Porter; assistant, Mrs. Charles Walther.

Rose Avenue Group
Mrs. Howard L. Reynolds was elected president of the Rose Avenue Parent-Teachers Association.

Charles Venturilla, convention delegate, Mrs. Wayne Porter and Mrs. Charles Walther.

The class honored with the most parents present was that of Mrs. William Wheldon's first grade, which entitles the class to a treat.

The evening closed with refreshments served by Mrs. Meade Thompson and the hospitality committee.

The group will meet again on May 14, when the officers will be installed.

Study Group Meets
The Oak Street Study Group met on Wednesday afternoon in the home of Mrs. Frances Reider, Ray street.

An informal discussion was held, with Mrs. R. F. Henry in charge.

The class honored with the most parents present was that of Mrs. William Wheldon's first grade, which entitles the class to a treat.

The evening closed with refreshments served by Mrs. Meade Thompson and the hospitality committee.

The meeting was called to order by Mrs. Clyde Henson, the retiring president who has served so well during the past year. Violin solos were presented by Arthur Canning and Joan Cornelius, accompanied by Mrs. Arthur Canning, Rev. C. R. Thayer, pastor of the Third U. P. church was the guest speaker. A group of students from Benjamin Franklin junior high school entertained with choral singing conducted by Miss Esther Gibbons. An Easter play by the children of the third grade proved to be interesting. The youngsters were treated to candy bars, following which the meeting adjourned.

The May meeting will be featured by an entertainment by the children of the fourth grade.

Fall Of Capital Of Manchuria To Reds Likely

MUKDEN, April 12.—(INS)—It appeared certain today that Chang-chun, the capital of Manchuria, will fall to Chinese Communist troops. The scheduled withdrawal of Russian occupation troops from the capital city is only three days away, troops of Generalissimo Chiang Kai-Shek, however, are stopped 160 miles south of Changchun by entrenched Chinese Communists.

Even the American-Nationalist-Communist truce team dispatched to that area has been unable to cross the Communist lines.

The truce team, led by Col. Frank Cullen of Yonkers, N. Y., was maneuvered for one day when bridges were blown up in front and behind them.

Communists Closing In

Meantime, thousands of Chinese Communists are closing in on Chang-chun during the last days of the Soviet occupation. It was reported ten thousand Communists already have entered the city.

(The Chinese Central News Agency in a dispatch from Chang-chun received at Shanghai, declared tension was mounting in the capital city. The agency said few people are seen on the streets, all shops are closed and rifle shots were heard throughout the day, although no organized fighting was reported.)

Another truce team, sent to the Pushun-Cola mining area east of Mukden, has met with more success, however, American team leader, Col. Robert Braker of Greensburg, Pa., reported today he had crossed into Communist territory along with Nationalist and Communist truce team representatives.

PHILADELPHIA.—(INS)—Establishment of a physical fitness program, extending from childhood through college, is advocated by John B. Kelly, national director of the National Fitness program since 1940.

Thirty per cent of the pool of more than 4,000,000 4-F's had correctable defects, Kelly pointed out, which could have been eliminated if treated in time.

House Democrats Smarting Again

Claim Another 'Boner' Is Made
By Democratic National Committee

WASHINGTON, April 12.—(INS)—House Democrats are smarting today under what they say is another "boner" by the Democratic National Committee.

The congressmen are circulating a petition for a Democratic caucus to protest a telegram from Democratic headquarters to county chairmen, instructing them to choose "proper candidates" for the coming congressional election.

Richard Nacy, executive vice chairman of the Democratic National committee, already has admitted that the telegram was "an error," and stated that the messages should have been sent only to Democratic county chairmen whose districts are represented by Republicans in Congress.

The Democratic leadership in the House is attempting to assuage the hurt feelings of some of their colleagues and head off the protest caucus.

Rep. Rivers (D) S. C., told reporters he signed the petition for caucus, and, referring to the National committee, observed:

"It looks like we're going to have to kick someone out down there if they keep making mistakes."

Recently, the Democratic committee had a brush with a number of Democratic congressmen when one of their publications charged that "Every vote for the Case bill was a vote against the American people."

Many Democrats voted for the Case labor bill, and their subsequent meeting drew an apology from Committee Chairman Robert E. Hannegan.

The USS Arkansas, launched in 1911, was the fourth battleship by that name. Three United States and one Confederate battleship bore the name of Arkansas.

NO CROONING, NO SWOONING

AMONG spectators at the United Nations Security Council meeting in New York are singer Frank Sinatra, left, and sculptor Jo Davidson. "The Voice" did no crooning and the boyish-swooner among the 45 spectators present did no swooning for they were warned beforehand. Sinatra, sporting a fancy bow tie, said he came to the UN meeting in behalf of the National Conference for Christians and Jews. (International)

SCHOOL BOARD MEETS

At a meeting of the board of education of the Chewton Independent school district, a tax rate of 31 mills and per capita tax of \$4 both the same as the preceding year were set up.

The board accepted the resignation of Edward Kosior as tax collector. Mr. Kosior has served the district well for many years.

Miss Marian Davis, who has accepted a position in Middletown, presented her resignation. Several vacancies already exist in the teaching staff as many of the present instructors are substitutes.

A total of five scarlet fever cases were reported, with no recent increase.

The next meeting of the board will be held May 4.

CLASS MEETING

The J. C. Yoho Bible class of the Chewton Christian Sunday school met in the church basement on Thursday evening for their monthly business meeting.

During the business meeting, conducted by the president, Glenn Henon, plans were made for the convention of Christian churches of Lawrence, Beaver and Butler counties, which will be held at the local church May 22.

The president appointed Mr. and Mrs. William Tillia and Mr. and Mrs. Robert Tillia as the committee in charge of arrangements for the next fellowship meeting.

After the business meeting, a social period was enjoyed. At a 10:30 hour a delicious lunch was served by Mr. and Mrs. William Mayberry and Mr. and Mrs. Paul Mayberry.

The next meeting will be held on May 3.

Chinese Deny Russians Asked To Stay In Mukden

High Authorities Say No Postponement Asked In Withdrawal Of Soviet Forces

MUKDEN, April 12. (INS)—High Chinese authorities denied a Tass (Russian) News Agency report that they had asked the Soviets to postpone withdrawal of Russian troops from Manchuria.

As thousands of Mukden students demonstrated for the second straight day for complete evacuation of the Russians, a spokesman for Generalissimo Chiang Kai-Shek's representative, Gen. Hsiung Shih Hui, said the Chinese never asked Russia to postpone the withdrawals beyond April 30.

Tass reported from Changchun, Manchurian capital, that the Chinese made such a request but that it was turned down by Marshal Rodion Malinovsky, Russian Manchurian commander, because the dates for Soviet evacuation were already fixed.

Tells Of Request
The Chinese spokesman said the Russians were asked to leave a small token force in Changchun until no later than April 30 to permit Nationalist troops to reach the city before the Russian withdrawal. He said the Russians turned down the request.

The Chinese spokesman gave the following description of the situation in Changchun:
About ten thousand Chinese Communists are already in the city, billeted in Soviet barracks and Soviet-guarded factories. Their presence was explained by the Soviets as "laborers" but they are believed to have access to arms.

The 480,000 rifles and unknown amounts of artillery which the Japanese army had in Manchuria have

ever been accounted for. Nowhere in Manchuria have the Russians turned over Japanese arms to Nationalist forces. However, Chinese Communists blocking the Nationalist advance toward Changchun have Japanese arms and artillery.

Jail Windy City Gambling Boss For Tax Evasion

CHICAGO, April 12. (INS)—William R. Johnson, former Chicago gambling boss, in the federal prison at Terre Haute, Ind., following a futile five-year fight to stay out of jail for income tax evasion.

Johnson was sentenced on October 11, 1940, to five years in prison and was fined \$10,000. The sentence marked the beginning of one of the most tenacious legal battles on record. During the course of the fight the case three times found its way to the U. S. Supreme Court.

Four co-defendants, William P. Kelly, Jack Somers, James A. Harrigan and Stuart Solomon Brown, were accused of conspiring to help him evade payment of income taxes.

False Report
Johnson was accused of reporting net income totaling \$764,213 for the four years from 1936 to 1939, inclusive, whereas the government contended his actual income was \$3,377,613.

In denying pleas for probation for Johnson and his co-defendants, Federal Judge John P. Barnes lashed out at a segment of the population which "believes that the rich and powerful are not required to serve punishment for their crimes."

The five men, Judge Barnes declared, "are either rich or powerful or they would not be at large five years after being sentenced."

New Dealers, "running us into bankruptcy," spent only ten billion a year, Truman says we'll spend 36 billion this year. Is it a habit or do we just not give a damn?

IN THE OPEN

A cowbird flew into the pecan tree behind the house and eyed me sardonically as I lolled in the garden rows. The afternoon was chill, and a misty drizzle came at intervals out of the overcast. I leaned on the hoe, in classic pose, and watched the cowbird try to bust his buttons in that agonizing split whistle which is his serenade to the madam. Perhaps I should say the mesdames, for this fellow is the Don Juan of the feathered world, with no moral standards and a distinct aversion to anything that resembles domestic ties.

Tempted to Hurl Rock
I was tempted to chuck a rock at the lazy lout, sitting there whistling in the tree top while I busied myself preparing seed beds for the cool weather crops. His mates will later on sneak about in the thickets, peering the nests of other birds, always smaller, and depositing their eggs surreptitiously for the chipping sparrow, or warbler, or vireo to brood. I once saw a chipping sparrow's nest built in double-decker fashion, and on investigating found that the original, sealing the interloper's egg in the foundation.

The female cowbird is a shirker and a slacker, devoid of all maternal instincts. She leaves the care of her young to the foster mother and spends her days in riotous living. During the days of the great bison herds large flocks of these greasy birds followed the buffalo about over the plains, picking up the small insects disturbed by the grazing animals. With the passing of the bison they have transferred their attentions to grazing cattle, and may often be seen in the pastures, sometimes even perching on the backs of their namesakes, the cows.

Flicker in Elm
The cowbird finally flew off down the valley and I turned back to the

task at hand. I had hardly made two good passes with the hoe, when another interruption occurred. A bell of the flicker clan flew into the elm tree below the garden plots, both pursued by two ancient mules. I know of nothing in Nature hereabouts that is funnier than the courtship dance staged by these birds. The two would-be bridegrooms bobbed and curtsied about in ridiculous manner, each trying to outdo the other in impressing the lady.

During the past week, despite the cooler weather at the close, the flowering plants in the valley have come on with a rush. We strolled a bit during a recent noon hour and note a few early blossoms of the yellow trout lily and the wake robin. Early saxifrage and the rue anemone were in evidence along the ledges, while the three-slash toothwort and yellow and purple violets added color to the hillsides. We were surprised to note the wild Sweet William in bloom, far ahead of schedule, while the demure little bluebells spread their tiny crosses to the sun.

Service Berry Blooms
One of my favorite spring blossoms has passed its period of peak bloom and is now fading out of the outdoors picture. This is the shadblow, or service-berry. It is one of the earliest bloomers in the woodland scene, covering itself with a lacy bridal veil of ethereal beauty while the surrounding trees are yet winter-naked. Look for this little tree, rarely more than twenty feet tall, along a stream bank, or snug against a wooded hillside where the April sun may seek it out. If we ever become the owners of an acre or two, properly located, one of the first trees we will plant will be the lovely shad-bush.

Our wanderings pulled us off the usual trails a few days ago, and carried us far afield. For some miles we traversed marshland, with great swamps edging the highway. Here the green arrow-wood stood about in large colonies, knee-deep in the shallow water. Later we moved into higher ground and reached acquaintance with an old friend, the noisy blue-jay, who apparently never visits our home valley. It was a distinct pleasure to see "Mr. Blue-jay, full of sass, in them baseball clothes of his."

Admire Wood Rose
The homeward trek took us through some mountain country, where the hollyhock and arbutus edge the woodland banks by the roadside. Following the advice of Emerson to "admire the wood rose, and leave it on the stalk," we qualified huge tankards of the heady perfume of the arbutus, and left it there to bloom again another Spring. We stopped along the way to watch, from a distance, the progress of a miniature forest fire, edging slowly through a small timbered acreage. Journey's end found us safe in our own backluck, with one eye on all that outside work to be done and the other on the calendar, which spells out "trout season" just one week away.

Old-Age Benefits**

HARRISBURG, April 12. (INS)—The Pennsylvania State Chamber of Commerce today backed proposals for strengthening the old age and survivors' insurance program by admitting uncovered employees' groups, and protecting veterans' credit.

The recommendations, made by Chambers of Commerce of 13 states, included aid for permanently disabled persons under public assistance programs sponsored by the federal, state and county government, and retention of a payroll tax limit on the first \$3000 of employees' annual wages.

Veteran Marries Twice But Didn't Divorce First One

Ex-Sergeant Held For Bigamy Is
Strongly Censured By Both
His Spouses

PITTSBURGH, April 12.—(INS)—Charles B. Butler, 25-year-old ex-army sergeant of nearby Wilkensburg, figured it wise to make a clean sweep of his romances.

Butler, who is being held for court on a charge of bigamy, today told District Attorney Artemas C. Leslie that he married two women during the last eight months without bothering to divorce either of them.

The arrest was based on information filed by wife No. 1—Kathryn Reese Butler, 22, an expectant mother. She said she learned of Butler's marriage to wife No. 2—Grace E. McKean of Butler—through a list of marriage licenses published in a newspaper.

Wife No. 1 said her romance with Butler was climaxed by their marriage at Aiken, S. C., last August. "He swept me off my feet," she added.

Borrowed \$10 for Wedding
Wife No. 2 said Butler borrowed \$10 from her mother for the wedding ceremony last Thursday. She added that when Butler proposed, he told her:

"Darling, you have swept me off my feet."

Both wives related that Butler had given them a choice of the style of wedding ring. Wife No. 1 selected a plain yellow gold band. Wife No. 2 wanted a diamond band. Philosophically fingering the ring, sitting in Leslie's office, the latter said:

"Oh well, I have something to remember him by, but not for long. I wonder how much I can get for it in a pawn shop."

Both wives emphasized they were thorough with Butler, who was previously divorced from Clara Ann McLaughlin Butler, of Wilkensburg.

TUGBOAT BURNS ON ALLEGHENY

PITTSBURGH, April 12.—(INS)—The tugboat "Pittsburgh" today was out of action for the first time in 20 years of duty on the Allegheny River.

The tiny vessel caught fire while tied up at a landing and burned furiously for almost an hour before the river fire boat could bring the blaze under control. Damage to the scow was estimated at \$5000.

Claim Suicide In Train Death Of Bryn Mawr Girl

NORRISTOWN, Pa., April 12.—(INS)—The death of Anne Wellinger, 17-year-old Bryn Mawr college student who was struck by a crack Pennsylvania Railroad river near Bryn Mawr station on March 25, was recorded today as suicide.

The verdict was returned by a Montgomery county coroner's jury before Coroner W. J. Rushong in Norristown, stating that the girl "deliberately walked into the path of the oncoming train. She was the daughter of Walter A. Wellinger of Edgewood.

A chef and trackwalker testified they saw the girl step onto the track and "wait" for the speeding "Spirit of St. Louis" to hit her. Michael J. Donovan of Newton, Pa., the engineer, was exonerated, and the railroad cleared of any negligence.

Debate To Open In Congress On Draft Extension

WASHINGTON, April 12.—(INS)—A crucial debate opens today in the House on one of Congress' hottest pre-election issues—extension of selective service—with a strong bloc demanding a "holiday" on inductions until next year.

Administration forces hoped to "hold the line" on a nine-month extension—from May 15, 1946 to February 15, 1947—as proposed in the May bill, which was reported out by the House Military Affairs committee.

There was strong support, however, largely from mid-western and far-western congressmen, for a proposal by Rep. Harness (R., Ind.) to continue the draft until February 15 but to suspend all inductions.

**SEEK YOUTH WHO
HIT YOUNG GIRL**
PITTSBURGH, April 12.—(INS)—Police were searching today for a young man wearing a red sports coat who, for no accountable reason, slugged a young Pittsburgh girl.

Police said Miss Eva Imhoff, 18, was on her way home the other evening when a man leaped out of his car and without warning struck her. He then jumped back into the car and fled.

Confirmation At St. Paul's Lutheran

This coming Sunday morning at the 10:45 o'clock service the rite of confirmation shall be performed in St. Paul's Lutheran church, Jefferson and Grant streets.

Seven young men, who have been instructed in the teachings of the Bible and the catechism for a period of seven months shall swear allegiance to the Palm Sunday King, relieving their sponsors of their baptismal vow. These young men shall now take that vow upon themselves, promising that by the help of God, they themselves will lead a holy life unto the end of all time.

The Rev. O. J. Wernath will address the catechumens on the subject of "The Kingdom of God," asking them to make Christ King in their own lives, become testifiers and witness bearers of the Palm Sunday King. The catechumens shall be garbed in white gowns, symbolical of purity and cleanness of heart and life. They shall come to the altar to make a public confession of their faith, the congregation then praying that they might be steadfast and unmovable in that faith until Jesus comes again.

Study Proposal For Preparation Of Pool Filter Plans

Within a few days council will decide to accept or reject the proposition of Ackley, Bradley and Day, Sewickley, to design, prepare plans and specifications and supervise the modernization of the bathing pool at Cascade Park for \$2,500.

A new filter is to be installed, a building erected to house the filter and some changes in the concrete walls must be made.

Should the plans be carried out as proposed by city council, according to Director of Property Joseph D. Alexander and colleagues, Cascade Park, will possess one of the purest water pools in the country.

A representative of the firm will confer with council to verbally explain just what the firm will do in the way of preparing plans for \$2,500.

Decision to install a filter, made some time ago, resulted from the trouble the city has had in the past because of the lack of filtration.

College Choir Plans Operatic Program In Chapel Monday Night

NEW WILMINGTON, April 12.—Westminster college's cappella choir will be heard in a program of operatic ensemble music at 8:15 o'clock Monday evening in the college chapel.

The choir, directed by Charles I. Sager, assistant professor of voice, will feature the Pilius Chorus from Wagner's "Tannhauser" as the closing number of the program. Student duets and ensembles will sing numbers from "Il Traviatore," "Maele Flute," "Lucia di Lammermoore," "Faust," "Traviata" and "Tales of Hoffman."

Leading parts will be sung by Benjamin Roman, bass, of 536 North Cedar street, New Castle; William McClelland, baritone, of 203 West Grant street, New Castle; Helen Hays, contralto, of R. D. 2, Ellwood City; and Richard Borowicz of New Wilmington.

TITAN COACH IS GRANDFATHER NOW

NEW WILMINGTON, April 12.—Mr. and Mrs. Robert Washabaugh of South Market street, New Wilmington, announce the birth of a daughter, Carol Ann, in Magee hospital, Pittsburgh, April 2. The baby weighed five pounds and 12 ounces. Bob, son of Athletic Director and Mrs. Grover C. Washabaugh, is attending Westminster college. Mrs. Washabaugh is the former Florence Armstrong of Pittsburgh.

Hopes Rise For Complete Victory In Malaria Battle

ATLANTIC CITY, April 12.—(INS)—Hope for complete conquest of malaria arose today with announcement that one of 14,600 chemical compounds tested for use against the disease has proved beneficial.

James A. Shannon of the board for the co-ordination of malarial studies in Washington, announcing the discovery at the convention of the American Chemical society, cautioned however that a cure cannot be regarded at present as established.

He pointed out that the new drug known only as "13,276" for the present, destroys red blood cells although it has proved safe so far when administered in dilution with quinine.

He revealed that the drug was discovered during a seven million dollar wartime government malarial study project.

Duquesne Power Dispute End Seen

PITTSBURGH, April 12.—(INS)—A decision in the prolonged Pittsburgh power dispute was expected to be forthcoming today.

Aaron Horvitz, chairman of the arbitration board, hinted late last night that he may make an announcement within a very short time. Neither officials of the Duquesne Light Co. nor members of the Independent union would comment on the possible terms of the agreement.

Under the terms of the agreement, however, both parties must comply with the three-man board's decision.

Record Crowd Is Expected At Legion Banquet

National Commander Of
American Legion To Ad-
dress District Mem-
bers At Cathedral

One of the outstanding banquets in many years is expected to result here Saturday evening when National Commander John Stelle, of McLeansboro, Ill. comes here for the annual district gathering of American Legion members. The banquet will start promptly at 6:30 o'clock in the Cathedral.

Ticket reservations today stood at the 1,300 mark. General Chairman C. C. Sweesy stated, which means that there will be more than that number who will hear the commander speak in the auditorium, as the public has been given the privilege of coming to the program in the auditorium following the dinner. Seats will be available in the balcony, Mr. Sweesy stated, at 8 o'clock, when the program is expected to get under way.

The first floor will be reserved for those who have purchased tickets for the dinner.

Outstanding Guests
Besides the national commander and his staff, Department Commander James P. Murray, of Forest City, and many other outstanding Legionnaires from the Department of Pennsylvania will be in attendance, including Paul H. Griffith, of Uniontown, who has the backing of the Pennsylvania Department for national commander at the coming national convention.

The Ladies auxiliary will be represented by Department President Dr. Ruth M. Steele, of Millersburg, Pa.; Western Director Mrs. Thomas E. Cozy, of Meadville; Four-County Council President Mrs. Dan T. Brown, of Beaver; Rehabilitation Chairman Mrs. A. B. Denniston, of Greenville; Western Vice President Mrs. Leonard J. Bradley, of Pittsburgh, and many others.

In addition to the address of the commander, there will be musical numbers and entertainment, all of which will be followed by dancing in the ball room.

Navy Department Lauds Mail Service During Wartime

WASHINGTON, April 12.—(INS)—The Navy department expressed doubt today that its peacetime mail service to and from naval personnel overseas ever will equal wartime efficiency.

On the other hand, the War department said that "there is every reason for optimism concerning constantly progressive improvement in our mail service to all theaters." These statements were sent by the Office of the Chief of Staff, War department, and the Office of Chief of Naval Operations to Rep. Charles Halleck (R) Ind., in response to complaints brought to their attention against Army-Navy mail service.

The Navy said that it must be remembered that "the superior, and in some cases amazing, mail service attained during hostilities" resulted from an abundance of facilities and concentration of personnel, for the most part, in groups.

Former Bandsman Back In College

Paul B. McCandless, who for several years marched in front of the high school band, playing the bells, is through with his Army service and is back again in Indiana State Teachers' college, where he is a junior. He was also active in the Theatre Guild and the Provincial Players.

In service Paul saw a lot of action in Europe, especially during the Battle of the Bulge. He served with the 410th Bombardment group in Scotland, England, France, Belgium and Germany.

Aside from his studies in Indiana Paul is active in radio work and college theatrical ventures.

One More Week In Y.W.C.A. Campaign

Teams Now Striving To Increase
Number Of New Members;
St. Paul's Is In Lead

With one more week to go, several Y. W. C. A. teams have already filled their quotas, and others are near their goals, according to reports turned in at the third meeting at noon Thursday.

Striving for 2,000 members, the teams have enrolled 1,211. The cash intake so far is \$1,854, which is \$200 more than the amount reported at the end of the third week last year.

Of the church teams, St. Paul's Lutheran church is leading in the campaign for new members. The team has so far signed up 25 members, 15 of whom are new. Following closely is the First Baptist church with 11 new members out of a total of 39. Mrs. Ernest L. Schizler, chairman of the membership ingathering, pointed out to the workers that the number of new members enrolled would have to be increased in order to make up for a small percentage of former members who have not renewed their pledges.

Says Profit Sharing Proves Interest In Workers' Welfare

Temple University President Believes System Would Decrease Labor Disputes

PHILADELPHIA, April 12.—(INS)—Dr. Robert L. Johnson, president of Temple University, believes that profit-sharing by management would go far towards the elimination of labor disputes in the U. S. "I wouldn't want to invest my money," he said, "in the kind of management that didn't have the profit sharing viewpoint. I would want to know that management had an interest in the welfare of its workers."

Profit sharing, he explained, would mean higher rewards for workers in the form of increased wages and bonus benefits.

"The workers," Dr. Johnson declared, "are the ones who make the tools, use the tools and teach others to make and use the tools."

"They are entitled to profit sharing considerations from management."

Research Is Important

The Temple president pointed out that another important phase of industrial development in "this swiftly changing world" is research. "I am inclined to believe," he said, "that our prosperity will be profitless and that the dollar may shrink to 15 cents before the period has passed. I believe it is possible to be socially minded and businesslike."

"In my opinion, one of the responsibilities of the university to the community is to teach students the real meaning of integrity, courage and to take an active part in politics to help preserve our way of life."

American colleges, Dr. Johnson contended, must "turn out students who are equipped to help make democracy work, not the kind who think the world owes them a living."

HARRISBURG—Staff Sgt. Thomas E. Smith, retiring after 33 years of service, has more stripes than can be seen on one sleeve. From shoulder to cuff, the sleeve is filled with staff sergeant's stripes, nine service stripes, three overseas bars from the First World War and seven from World War II.

OSCEOLA MILLS—Three young men who whooped it up by shooting out street lights from a speeding automobile, didn't count on being eyed chief of police William Delany. He took the automobile's license put it on the state police teletype and waited. A half hour later they were nabbed in Tyrone.

The value of the mule deer skins was learned by pioneers in America from the Indians, and from 1880 to 1870, the deer was prized so ruthlessly by hide hunters that for several years about 250,000 skins annually were sent to England.

Lana Hinted To Be Altar-Bound With 'Dream Man'

Twice-Wedded Lana Turner Says Radio Executive Is 'Just What I Want'

HOLLYWOOD, April 12.—(INS)—Lana Turner has met the man who is "just what I want," but, she declared Thursday, it is premature to say marriage is in the offing. She explained it is merely a possibility.

The man who has captivated the impetuous star's fancy is Charles P. Jaeger, eastern radio network executive whom she describes as tall, very handsome and "wonderful."

They met in New York recently after the screen player's return from a South American tour.

The star is flying to New York Saturday or Sunday for a number of radio engagements and news of the trip became the basis of reports she was going east to marry Jaeger.

No Definite Plans

But the already twice-married Miss Turner said:

"Mr. Jaeger and I have no definite plans for marriage—and that's the truth."

She was asked: "Does that mean you will not marry him?"

She replied:

"No, I don't mean that either but I don't want to rush impetuously into another marriage."

She referred to her elopements both of which were followed by divorce, with Bandleader Artie Shaw and Steve Crane.

Both the actress and Jaeger are free to marry on a moment's notice should things work out that way.

Her divorce from Crane became final some time ago, while Jaeger was divorced two weeks ago from Loreta White, former Powers model.

Protein Yield From Paper Pulp May Aid Shortage

ATLANTIC CITY, N. J., April 12.—(INS)—The novel idea of recovering proteins from pulp and paper mill wastes, to offset a two hundred million ton shortage of proteins in the United States was presented Thursday to the American Chemical Society.

Dr. Robert S. Aries, field director of the Northeastern Wood Utilization Council, New Haven, Conn., said that more than 150 million pounds of high-protein yeast and cattle fodder could be obtained from waste liquors discharged annually into the nation's rivers and streams by the mills.

He told the society's 109th annual meeting in Atlantic City:

"This development may revolutionize the industry and agriculture of the northeastern United States. New England may become a competitive beef-producing area and we

may well see large numbers of chickens, turkeys, cows, hogs and sheep, by using this high-protein yeast cattle fodder."

Boris Karloff Takes New Wife

BOULDER CITY, Nev., April 12.—(INS)—A honeymoon today followed the divorce obtained earlier in the week by Boris Karloff. The star of the screen's "horror pictures" was married late yesterday to Evelyn Helmar, New York divorcee, and today was on an extended wedding trip with her.

The ceremony was performed by Justice of the Peace J. P. Hayward in Hayward's live garden, where the justice was working when the couple approached him and asked him to marry them.

Karloff took out the marriage license under his legal name of William Henry Pratt. He gave his age as 58. The bride is 42.

Charles Shaw-Lefevre, Esq., (1794-1888) was an English politician. He was speaker of the House of Commons from 1839-1857, longer than any previous speaker, save Arthur Onslow, who held the office nearly 34 years.

City To Provide For City's Share Of Paying Cost

When council met Thursday in city hall, council adopted finally an ordinance, entering into an agreement whereby the state will pave Butler avenue extension, Taylor and Neal streets, known as Spur 78 of Route 422. The city agrees in the ordinance to do certain work, such as curbing and drainage, which will cost \$26,600, but when the route is completed will provide a second east and west route through the city.

In addition D. O. Davies, safety director, reported that the city should pave Taylor street between Neal street and South Mill street. Council authorized the city's legal bureau to draft a bill to provide for this improvement.

Hilo Seeks To Prevent Future Tidal Damages

Authorities Seek Means Of Preventing Future Tidal Wave Destruction

HILO, Hawaii, April 12.—(INS)—Hilo municipal authorities agreed today that safeguards must be set up against a repetition of the tidal wave disaster which struck Hawaii's second largest city a crushing blow April 1.

The lone good coming out of the catastrophe was the determination of officials to carry out recommendations on city planning which had been made long before the earthquake-born waves brought death and destruction to the city.

As recently as March 18, George K. Houghtaling, secretary of the city council planning commission, recommended acquisition of the Hilo waterfront area by the city or territorial government for a park.

The recommendation called for raising of the area which was hardest hit by the tidal waves.

Besides the idea of establishing a public park, engineers have suggested that main highways and rail lines be routed around the danger spot and that warehouses be removed to higher ground.

Engineers point out that Hilo's crumpled breakwater could be rebuilt and extended to give added protection in case of future tidal waves.

Only about 3 weeks remain for farmers and home gardeners to burn or plow under all remaining corn stalks and stubble to prevent the pest from spreading, according to Dr. Thomas L. Guyton, director of the bureau. Borer moths will begin to fly in southeastern counties—where infestation is heaviest about May 1, he declared.

POLICE DOG SCHOOL
LONDON.—(INS)—Work of police dogs during the war in guarding airfields and dumps was so valuable that the RAF is going to establish a police dog school at Staverton, Gloucester county. People who lent Aliations to the service during the war for police work are being asked to lend them again for breeding purposes.

WAMPUM

CONGREGATIONAL MEETING

Annual congregational meeting of the Presbyterian church members will be held Friday evening. Preparatory services will take place at 7:45 o'clock to be conducted by Rev. Neal. The congregation will meet following the service.

The social committee of the Boethian Circle will serve refreshments, with Mrs. C. B. Morrow, Agnes Guy Mrs. F. L. Herbert, Mrs. William McMillen and Lenora Stapt in charge.

WAMPUM NOTES

Mrs. Robert Grimmer, who is confined to the Ellwood Hospital, is reported a little improved.

K. of P. Lodge was reorganized, and meetings are being held in the P. M. Miles office. Herman Hess, of New Castle, was the guest, Wednesday evening.

Dr. H. E. Heiling, of Ellwood City, was a visitor, in Wampum, Wednesday.

Mrs. Margaret Thompson, of Monongahalia City and Mrs. May Karkirk, of New Castle, were recent visitors at the Ernest Hemmon home.

Four months will be required to inactivate the Guam. Her nine 12-inch guns will be preserved in moisture proof plastic webbing. The navy's new dehumidifying or "breathing" machine will be installed in the ship's interior. The Guam can come out of this scientific retirement and return to a combat status in 10 days.

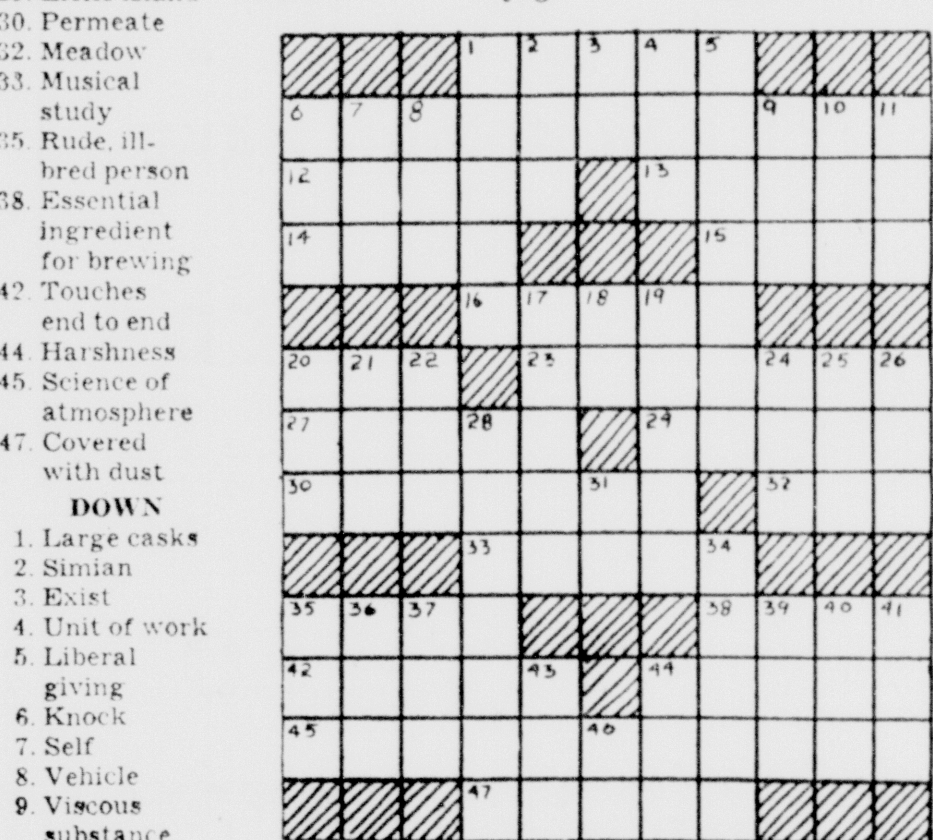

The Enterprise, considered the navy's most illustrious carrier, is being placed in a semi-preserved or "caretakers" condition. She will remain at Bayonne pending a decision on making her a memorial ship of World War II.

Iraq To Request Treaty Revision
LONDON, April 12.—(INS)—A Reuter dispatch from Baghdad said today that Iraq would soon press for revision of Anglo-Iraq treaty of 1931 to reduce British influence in military and economic matters.

Iraq is expected to request opening discussions on British airbases, Anglo-Iraq economic cooperation, and the continued employment of British advisers, technical experts and engineers stipulated in the treaty.

Resume Air War On Gypsy Moth Colonies

HARRISBURG, April 12.—Freedom from houseflies, mosquitoes and most other insect pests this season, as assured for close to 25,000 residents in scattered sections of Luzerne and Lackawanna counties, State Secretary of Agriculture Miles Horst said today.

Five airplanes were assigned to spray DDT over 23,000 acres of forest land, farms, villages and some towns in resumption of the Federal-State fight to wipe out Pennsylvania's 600-square-mile gypsy moth infested area centered in the two counties. Between 10 and 15 tons of the war-developed insecticide will be used in the effort, the secretary declared. The planes will operate daily until mid-June, scattering one pound of DDT per acre, sufficient to kill the feeding gypsy moth caterpillars within a few minutes.

Planes will be able to spray only about 7 1/2 hours per day, in early morning and evenings when the air is calm.

Trailers Solving Housing Shortages

CHICAGO.—(INS)—The Trailer Coach Manufacturers Association has an immediate solution to the housing problem. On display at the eighth annual Trailer Coach show were 100 models, all equipped with special insulation making them comfortable in all kinds of weather.

Many models feature built-in drawers affording ample storage space, built-in book shelves, drop-leaf table and a compact kitchen, complete with stainless steel sink and work table top.

More of the new trailer kitchens have refrigerators. Others have utility closets, receptacles for canned goods and illumination by fluorescent lighting.

STEAL WATCH DOG

SEATTLE.—(INS)—Crooks stole some tires, an assortment of tools, and a 125-lb watch dog from an auto wrecking yard in Seattle, Claude Robinson, employee of the yard, complained to police.

400,000 Anglers To Fish Monday; Trout Streams In Good Shape, French Says

HARRISBURG, April 12.—(INS)—Pennsylvania's 400,000 anglers could look forward today to well stocked streams and a first-rate 108-day trout season beginning Monday.

"It looks like we are going to have a wonderful season this year," said Commissioner C. A. French. "I think there are more trout in the streams now than there ever have been."

"Streams are in fine condition and probably will remain that way unless we get some rain before Monday," he added. "Our distribution work has been completed and we are set to go."

Some of the well-known trout streams were Kettle creek in Clinton and Potter counties, Little Lehigh creek in Lehigh county, Yellow Breeches creek in Cumberland county, Laurel Hill creek in Somerset county, the east branch of the Clarion river in Elk county and Broad Head creek, Monroe county.

Opens 5 A. M. Monday

French explained that the season will open at 5 a. m. Monday and continue until midnight July 31. Fishing is permitted on Sundays provided anglers secure permission from property owners.

Anglers will be permitted to catch 10 trout daily, either brook, brown or rainbow, or combined species. Trout must be at least six inches long to be retained.

No date has been fixed for the 1946 season at "Fisherman's Paradise" on Spring creek near Bellefonte.

White Sox Win From Pirates

KANSAS CITY, Mo., April 12.—(INS)—The Pittsburgh Pirates and the Chicago White Sox parted company today after a month long exhibition tour during which the Pirates racked up 14 victories to 13 losses.

Two rookie hurlers, Ed Lopat and Ralph Hamner, collaborated to shut-out the Buccaneers, 4 to 0, on four scattered hits. Preacher Roe, who reported to spring training camp late because of injuries suffered in a basketball fracas, started for the losers and was routed in the fourth inning.

Fair Or Foul

By LAWTON CARVER
(International News Service Sports Editor)

NEW YORK, April 12.—The sustained success of Ben Hogan, Byron Nelson, Sam Snead and a few others in professional tournament golf is creating a mild revolution in the ranks.

They are getting all the invitations to special tournaments, most of the prize money and the biggest portions of the headlines, because they play the best golf, with the result that those who play the least amount of golf want a revision of the program.

The latter have been so insistent that President Ed Dudley of the Professional Golf Association today

found himself issuing a statement on the matter. The difficulty came to a peak during the Augusta Masters championship.

Keiser Upsets Dope

Down there in the sweet magnolia belt everybody in the professional golf business would up in a dither over the demands of several golfers nobody ever heard of and there seemed to be a problem for a time.

Then Herman Keiser won the Masters in behalf of the unknowns and put a damper on the meeting.

What the lesser lights seek to do is put a premium on lack of ability.

They ask:

1—Fewer invitation tournaments.

2—Wider distribution of prize money.

3—Less publicity for the stand-out players.

Dudley Has Idea

According to Dudley these demands can be taken apart about as follows:

The sponsors of some tournaments prefer to hold invitation events in which only the top stars participate. Inasmuch as the sponsors put up the money they have a right to name the players they want in special events.

Aside from these special invitation events, the P. G. A. holds around 40 tournaments a year for which all members of the PGA are eligible.

To become famous all a player has to do is win some of them. That's what Hogan, Nelson and the rest do.

A wider distribution of purses would settle nothing. Usually, the prizes range through 20 places. If a golfer can't finish any higher than that he doesn't have much of a squawk.

Very Silly Beef

The beef about the top players getting most of the publicity is, of course, a little silly. You publicize winners in all sports, not failures.

On the past winter tour, according to PGA records, only about 20 players won money or made expenses, starting with Ben Hogan who took down the big end, about \$14,000.

The answer seems to be for golfers who can't compete on the big apple to stay out of this toughest of competition. An alternative is to stay in the tournament swing and pull a Keiser.

He reportedly was not exactly in favor of the Hogan-Nelson-Snead winning combine, but broke it through sheer ability.

Ping-Pong Tourney Scheduled At 'Y'

Jimmy Dart, physical director of the "Y" having recently successfully staged a big basketball tourney has now hit upon the idea of a city-country ping-pong tournament.

The starting date is April 24. So many of the returning servicemen who played the game while in army camps and navy training stations, have requested a tourney that Dart has agreed to stage one.

The tables will be set up on the gym floor and will give the players plenty of space to set around. There is a small entrance fee of 25 cents to help defray the expense of trophies for the winners.

All players wanting to enter the tourney can register at the "Y." The tourney is open to the public, not just "Y" members.

In one West African language there are 60 words for "long," but no word at all for "holly."

Cooper Denies Mexican Offer

NEW YORK, April 12.—(INS)—Pitcher Mort Cooper never received any offer to play this year in the Mexican baseball league—and you can take that from the Boston Braves right-hander himself.

Mort stopped off in New York en route from Evansville, Ind., to Hartford, Conn., where the Braves play today.

Despite contrary reports, Cooper said he felt "in great shape."

Martin Has Won Post With Yanks

COLUMBUS, O., April 12.—(INS)—Things were looking up today for Clarence Cuddles Martin, 21-year-old right-handed Yankee pitcher.

He held the Brooklyn Dodgers to three hits as the Yanks triumphed 3-1 Tuesday.

He went the full route, his second nine-inning job in seven days and it looked as though Cuddles would be in there pitching all summer for the McCarthymen.

Pro Boxing Is On Spot Tonight In Chicago Stadium

Bout Between Dawson And Bratton Tonight Better Be Good Or Else

CHICAGO, April 12.—(INS)—Freddy Dawson and Johnny Bratton, a pair of highly-regarded Chicago lightweights, will form exhibit A tonight as professional boxing in Chicago Stadium goes on trial for its life.

Arthur M. Wirtz, boss-man of the world's largest indoor arena, has let it be known that he will be watching the Dawson-Bratton argument with a match in one hand and a padlock in the other.

Should tonight's fight turn into a crowd-drawer (which is likely) and a crowd-pleaser (also likely), the no-boxing edict issued by him following the Arturo Godey-Lee Savold heavyweight truce in the stadium over a month ago.

The bout was called no contest by Referee Johnny Behr in the eighth round.

ISSUE BUILDING PERMITS

PITTSBURGH, April 12.—(INS)—Despite the acute labor and material shortages, 200 building permits were issued in Allegheny county during the month of March, a survey showed today.

The permits were issued for residential building only, a county spokesman reported.

Carter Defeats Maxie Shapiro

CHICAGO, April 12.—(INS)—Way Carter, Chicago Negro lightweight, had taken a long step up the pugilistic ladder today following his decisive 10-round victory over Maxie Shapiro, veteran New Yorker, before 1962 fans at the Chicago Coliseum last night.

Carter's faster and sharper punching ended a long list of victories piled up recently by Shapiro.

Mrs. Ethel Posey Now Co-Manager

PITTSBURGH, April 12.—(INS)—Mrs. Ethel T. Posey, Thursday became part owner of the Homestead Grays of the national Negro baseball league, according to an agreement made between her later husband, Cumberland Posey and his partner, Rufus Jackson.

Posey, one of the founders of the Negro league, died March 28 following a long illness.

Ten Polio Cases Since January 1

HARRISBURG, April 12.—(INS)—A State Health department spokesman said today that 10 cases of infantile paralysis have been reported in Pennsylvania since January 1.

He pointed out that up to the same date of last year 12 cases of the disease had been reported to the department. Five cases this year were reported in Lackawanna county while one each was listed in Fayette, Schuylkill, Cambria, Allegheny and York counties.

Illness Forces Police Chief Of Butler To Resign

BUTLER, Pa., April 12.—Suffering from ill health caused by diabetes, Police Chief Clarence E. Fend, veteran of 17 years on the Butler force, will resign from his job May 1.

Chief Fend tendered his resignation to Mayor William C. Campbell and members of the council, and it was stated that the resignation will be accepted at a meeting of the council next Tuesday.

The retiring chief plans to take a prolonged rest. He recently spent several days in the Butler County Memorial hospital and has also been taking treatments in Pittsburgh.

NEW CASTLE STORE

PRICE CHANGES IN STOCKS NARROW

**New York Market Trading Pursued
Firm Trend During Morn-
ing Hours**

NEW YORK, April 12.—(INS.)—
Price changes in stocks were narrow
today as the market pursued a firm
trend. Most key groups remained
close to last night's finals though
minus signs were scattered through-
out a few sections.

First hour trading approximated
300,000 shares.

Bethlehem advanced nearly a
point but other steels were barely
changed. Chrysler was quiet while
General Motors, Packard, and Willys
added fractions. Lockheed, Douglas,
and United Air Lines eased.

Rails ran slightly ahead of Thurs-
day closes. A point gain in J. I.
Case was offset by a similar loss in
International Harvester. Flintkote,
Rubber issues were stronger. Oils,
foods and rail equipments were quiet.

Bonds gained ground.

Seek New Trial For Man Convicted In Double Crime

ALLENTOWN, Pa., April 12.—(UPI)—Reasons for a new trial for the slaying of a woman and her husband Tuesday of second degree murder in the shooting of Benjamin C. Bowman, 3rd, today were on file in court at Allentown.

Counsel for the 30-year-old steel worker charged the verdict was against the weight of evidence, and that the judge improperly addressed the audience during the trial.

Supplemental reasons also will be filed, Barnak's counsel said.

Barnak will not be sentenced before May 6, the earliest date for the court to hear arguments on the motion for a new trial.

Bowman, a former army lieutenant from Williamsport and Barnak's 21-year-old wife, Madeline, were fatally shot in front of the girl's home last Dec. 20. Barnak faces trial at the next term of court for the slaying of his wife.
